Acknowledgements are due to friends in the Medical Profession for favorable notices, to which the reader is referred below:

I have lately examined Teeth (or rather mere shells of teeth) *successfully filled* by Dr. Knapp, which had been condemned by Dentists of large experience more than three years previous.

CHAS E. STURGIS M. D.

We have had opportunities of examining a large number of full and partial sets of teeth made by Dr. Knapp, and we, unhesitatingly pronounce them, in adaptation to the mouth, beauty (or naturalness) of expression, strength, and purity of material, to be equalled only by the best work made in eastern cities.

REVISED ORDINANCES
of the City of Fort Wayne.

CHAP. VI. GAS AND WATER COMPANIES.

AN ORDINANCE, relative to Gas and Water Companies.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, whenever any gas or water company already established, or that may hereafter be established, shall wish to lay down any pipe in any street, lane, or alley of said city, they shall first make application to said Council for permission so to do, and after such permission is obtained, they shall before commencing such work give at least twenty four hours notice thereof to the City Marshal, and during the prosecution of such work they shall not unnecessarily obstruct the said street, lane, or alley; and when such work is completed, they shall thoroughly repair such street, lane, or alley, and if the same be planked they shall replace the planks moved in a good and sufficient manner, to the approval of the Street Commissioner.

SEC. 2. That if any gas or water company shall fail to observe any provision of this ordinance, the Common Council may restrain such company from the further laying down of the pipes of such company, and in case they shall fail properly to replace any planks they may have moved they shall be liable for any damages that may thereby accrue to the owner or owners of the lots adjoining thereto.

Adopted, February 14th, 1859.

Attest: J. C. DAVIS, *Clerk.* S. S. MORSS, *Mayor.*

CHAP. IX. MARKETS

AN ORDINANCE, to regulate Markets.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, the entire space upon Barr street, between Berry and Wayne streets, and between Wayne and Washington streets, together with the Market-house thereon erected, is hereby declared to be a public Market Space, for the sale of proper articles to the citizens of said city upon the Tuesdays, Thursdays and Saturdays of each week, between day light and ten o'clock in the morning.

SEC. 2. That the Common Council shall at its first annual meeting of each year, appoint a Market Master who shall hold his office until his successor is appointed and qualified; the person so appointed shall before entering upon his office, take an oath before some duly authorized person faithfully to perform all the duties appertaining thereto, and file a copy of such oath with the City Clerk; he shall also execute a bond with sufficient security, in the sum of one thousand dollars, conditioned for the faithful performance of all his duties, which bond shall be approved of by the Common Council, and filed with the City Clerk. It is hereby provided, that the present Market Master shall hold his office for the full term of his appointment.

SEC. 3. That the Market Master shall have charge of the Market-house; he shall open it upon the days and times hereinbefore specified, and remain therein during the time it shall continue open; he shall cause it to be kept clean and in good order, reporting to the Common Council whatever repairs may be necessary; he shall cause all vehicles brought thereto to be so arranged as shall best suit the convenience of buyers and sellers; he shall keep at the market two sets of scales, one large and one small, with the necessary weights of the Avoirdupois standard, one set of dry measures, sealed, of the capacity of one half bushel, one peck, and one half peck, and one set of liquid measures, sealed, of the capacity of one gallon, one quart, and one pint, all to be furnished by the city, and of the legal standard, by which weights and measures he shall test all weights and measures used in said market as often as once in every three months, and whenever any weight or measure is suspected of falsity; he shall preserve order during market hours, removing all obstructions, nuisances, and disorderly or vagrant persons found there in, at any time, and cause all violations of the ordinances of the city, pertaining to markets, to be promptly prosecuted before the Mayor. And, that he may the more efficiently perform his duties he is hereby declared to be a police officer, with full power to arrest and take before the Mayor any person guilty of any violation of any ordinance pertaining to markets, to be dealt with according to law. He shall receive for his services such salary as the Common Council may determine. And the said Market Master may for any good cause be removed from his office by the Common Council, who shall appoint a proper person to fill the office for the remainder of the term, for which the person so removed was appointed.

SEC. 4. That the Market Master shall at the times and for the period and kept directed by the Common Council, rent the stalls in said market to butchers for the sale of all meats, and the side benches thereof to persons for the sale of all provisions, except fresh meats not raised by those selling them; and every person so renting shall pay in advance the whole rent to the City Treasurer, who shall receipt to him for the same, which receipt the person renting shall deliver to the City Clerk, who shall forthwith issue a license to such person for the term for which he shall have rented, which license shall be signed by the Mayor, countersigned by the City Clerk, and properly registered: *Provided*, that the Common Council may direct the Market Master, to rent said stalls and side benches publicly to the highest bidder for any term directed by said Council: and *Provided* further, that all contracts for rent of stalls and side benches now existing shall continue for their full term.

SEC. 5. That every butcher who shall for the space of two hours after the close of the market, fail the roughly to cleanse his stall and all appurtenances thereto, shall be fined in any sum not exceeding ten dollars, and costs.

SEC. 6. That every person who shall offer for sale, or sell in the said market, any article which shall not be of full weight according to the standard hereinbefore provided, shall be fined for each offence, in any sum not exceeding five dollars and costs, in addition to which all prints or rolls of butter, which shall be short of the weight marked thereon, shall be sold by the Market Master at public auction to the highest bidder, the proceeds of such sale to be paid into the city Treasury.

SEC. 7. That every person who shall weigh or measure any article intended to be sold in said market by weight or measure, in any other manner than on scales or in measures tested as hereinbefore provided, shall for each offence be fined in any sum not exceeding five dollars.

SEC. 8. That every person who shall offer for sale or sell any fresh meat, in any quantity less than one quarter of an animal, in any place within the limits of the city, other than at the said market, or who shall offer for sale or sell the same, or any sausages or puddings made of fresh meat in quantities of less than twenty pounds, at said market, without obtaining a license therefor as hereinbefore provided, shall be fined in any sum not exceeding ten dollars.

SEC. 9. That every person offering at said market fresh meat or fish for sale, who shall at any time between the first days of May and October, fail to remove the same therefrom within two hours after the close of the market, shall for each offence be fined in any sum not exceeding five dollars with costs.

SEC. 10. That every person who shall within the limits of the city, before the opening of the market, directly or in directly offer for sale, sell, or buy any provisions whatever, intended to be sold in said market either for use or to export or resell, except apples or potatoes for one's own family use, or shall directly or indirectly offer for sale or sell at the said market, any article which the said person may have in any way forestalled on the way to and designed to be sold in said market, shall for each offence be fined in any sum not exceeding five dollars and costs.

SEC. 11. That every person who shall offer for sale or sell at said market, or at any other place in said city, any unwholesome, damaged, or spoiled provisions of any kind, or any veal under four weeks old, shall be fined in any sum not exceeding twenty five dollars and costs.

SEC. 12. That every person who shall permit any vehicle or animal to remain unattended upon the street on either side of the Market-house, or who shall hitch any animal to said Market-house, or to any appurtenance thereto, or who shall in any way injure or deface the said Market-house, or any appurtenance thereto, or who shall drive any animal or team upon the floor of or through the said Market-house, shall be fined in any sum not exceeding twenty five dollars and costs, together with the cost of all repairs of injuries done thereto.

SEC. 13. That every person who shall permit his or her dog or bitch to run at large through the said Market-house, or market space during market hours, or shall bring any such animal to such Market-house or space, not tied by a strong cord to some vehicle, shall be fined in any sum not exceeding three dollars and costs, and if the said dog or bitch be without a collar as provided by law, it shall be the duty of the Market Master to destroy it.

SEC. 14. That every person who shall slaughter or dress any animal within said Market-house or space, or shall place any offal, filth, or rubbish in any part of the same, shall be fined in any sum not exceeding five dollars and costs.

SEC. 15. That every person who shall lie upon the stall or side benches in said market, or shall loiter about, or be guilty of any disorderly conduct about the said Market house or space, shall be fined in any sum not exceeding ten dollars and costs.

SEC. 16. That all ordinances relative to markets other than the present, and also an ordinance entitled, "An Ordinance excluding dogs from the market space;" adopted, February 23th, 1858, be and the same are hereby repealed.

Adopted, February 2nd, 1859.

CHAP. X. OFFICERS CHARGED WITH OFFICIAL MISCONDUCT.

AN ORDINANCE, providing for the preferring of charges against City Officers, and prescribing the mode of proceeding therein.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, any person holding office under said City, either by election or appointment, who shall willfully neglect the performance of any duty appertaining to his office, or who shall be guilty of habitual drunkenness, or of any crime or misdemeanor, or who shall, in the opinion of the Common Council, be by any cause, disqualified for the performance of the duties of his office, may be removed therefrom

SEC. 2. That a charge in writing against any officer of this city, for any of the causes recited in the foregoing section, may be preferred to the Common Council by any member thereof, or by any voter of the city, which charge if made by a member of the Common Council, shall be signed by him in his official character, and if made by any other person, shall be signed by such person, and verified by his oath. When such charge is preferred, the Common Council shall refer it to one of its standing committees, who shall thoroughly examine thereinto, and if such committee shall deem such charge to be well grounded, they shall forthwith report the same in a proper manner to the Common Council for trial; but if such committee shall deem the evidence upon which such charge is based, to be insufficient they shall so report to the Common Council, when, if the Common Council acquiesce in such report, all further proceedings in the matter shall be stayed; but if the Common Council refuse to adopt such report, the matter shall be referred to a special committee to consist of one member of the board from each ward of the city, and should such select committee report the evidence for the charge to be insufficient, the whole matter shall thereupon determine.

SEC. 3. That when any committee shall report a charge for trial, as provided in the foregoing section, the Mayor or presiding officer, of the Common Council, shall forthwith issue a summons, requiring the person implicated to appear before said Council, to answer such charge, at a time to be set forth in the summons and not less than five nor more than ten days from the service of such summons, which summons shall be served and returned according to law

SEC. 4. That upon the service and return of the summons, as herein before provided, such charge shall stand for trial before the Common Council, and shall be heard and determined thereby, subject to the rules of suits at law. A failure, upon the part of the person accused, to appear at the time fixed for the trial of the charge, shall be deemed as a confession of the truth of such charge, but if the accused party appear on the trial of the charge, he shall be heard by himself and counsel, and after full examination of the matter in issue, the same shall be submitted to a *viva voce* vote of the Council, and should two thirds of the whole number of the members present so determine, the party accused shall be deemed to be guilty of the charge specified, and shall by such vote be removed from office, and sentence of such removal shall forthwith be pronounced by the presiding officer of the Common Council, and entered upon the records thereof.

SEC. 5. That if any charge be made, as provided in this ordinance, against any member of the Common Council, the said member shall not vote in any proceeding touching such charge; and it made against the Mayor, the Common Council shall appoint one of their number to preside Mayor until such charge is determined.

SEC. 6. That all ordinances and parts of ordinances inconsistent herewith, be and the same are hereby repealed.

Adopted, February 2d 1859.

Attest: J. C. DAVIS, *Clerk.* S. S. MORSS, *Mayor.*

CHAP. XI. POLICE.

AN ORDINANCE, relative to Policemen.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, every officer of this city, whether elected or appointed, shall be a special policeman, with full authority to apprehend, with or without warrant, any person who, in the presence of such officer, shall be guilty of violating any ordinance of the city aforesaid, or of breaking the peace, and confine him in the city prison, or retain him in custody until he can be brought before the Mayor to be dealt with according to law.

SEC. 2. That when the Mayor may deem it necessary for the promotion of the public peace and safety, he may by and with the consent of a majority of the members of the Common Council, appoint a proper number of special policemen, who shall, under the authority and control of the Mayor, act while such necessity shall exist and no longer. For their services such special policemen may receive such compensation as the Common Council may determine.

SEC. 3. That it shall be the duty of every physician keeper of a public house, or commander of a canal boat, within one mile of the city limits, or within the city, to report in writing to the Mayor without delay, with the name and residence of the person affected, every case of contagious, infectious, or epidemic disease occurring within the is knowledge, when the Mayor, or, in case the city shall have established a hospital for such disease, shall cause the person so diseased to be informed thereof, when if he be willing he shall be removed to such hospital. But if such person shall be unwilling to go to said hospital, the owner of the house where he lies, shall within six hours of receiving notice as to be put up in a conspicuous place upon such house, a legible placard indicating the disease with which the person therein is afflicted. And every person who shall violate any provision of this ordinance, or who shall expose himself after infection by any of the diseases aforesaid, in any public place or other house until the attending physician shall have certified to the propriety of so doing shall be fined in any sum not exceeding Fifty Dollars and costs.

SEC. 4. That all ordinances relative to the matters herein contained, other than the present, be and the same are hereby repealed.

Adopted, February 14th, 1859

Attest: J. C. DAVIS, *Clerk.* S. S. MORSS, *Mayor.*

CHAP. XII. PUBLIC POUND.

AN ORDINANCE, to establish a Public Pound.

SEC. 1. Be it ordained by the Common Council of the city of Fort Wayne, that from and after the legal publication of this ordinance, the enclosure upon Lot number One Hundred on the old plat of said city, shall be established as a Public Pound for the use of said city.

SEC. 2. That the city Marshal shall take charge of the said Pound, and keep the same in good repair, and receive, keep, and provide for the maintenance of all animals that shall from time to time be impounded by virtue of any ordinance or regulation of said city, until the same shall be legally disposed of, keeping an accurate account of all expenses necessarily incurred therein, for which expenses he shall be reimbursed from the city treasury, except when otherwise provided by the ordinances of the city.

SEC. 3. That every person who shall unlawfully break open, or attempt to break open the said pound, or shall directly or indirectly open the same, or any part thereof, or anything adjoining the same, with intent to release anything impounded therein shall be fined in any sum not exceeding ten dollars and costs.

SEC. 4. That all ordinances relative to the establishment of a Public Pound, other than the present, be and the same are hereby repealed.

Adopted, February 14th, 1859.

Attest: J. C. DAVIS, *Clerk.* S. S. MORSS, *Mayor.*

SATURDAY, FEBRUARY 26, 1859.

☞ We are so crowded with advertisements this week, that we have no room for editorial comments.

LEGISLATIVE.—The bill changing the mode of township business, making one township trustee do all township business, be inspector of elections school trustee, fence viewer, &c., and abolishing the officer of township clerk and treasurer, has passed both Houses and become a law. We gave a synopsis of this bill in our last.

The House License Law has finally passed both Houses in substance not materially different from the sketch we gave of its provisions two weeks ago. Wine or Cider made from fruits grown within the state are allowed to be sold without license, provided they are not permitted to be drank on the premises where sold.

A bill establishing a sub treasury for the state finances, has passed both Houses. It requires taxes to be paid in specie or specie-paying Indiana bank paper; requires the money to be kept in the treasury, and makes it embezzlement for the treasurer to use or loan any portion of it. Such a system will protect the State from the numerous losses and peculations it has suffered from Indianapolis officials and financiers.

Bills prohibiting state officers from receiving fees, and reducing the fees of county officers are before both Houses, and will probably pass.

Bills have been introduced creating two new judicial circuits: One (the 14th,) to comprise the counties of Elkhart, Lagrange, Noble, Kosciusco, Steuben, and DeKalb—leaving Allen, Adams, Wells, and Whitley to form the 10th Circuit. The 15th Circuit is to be created in the south part of the state.

Several important bills were considered and acted on on Wednesday. In the House there was a test vote in favor of erecting a new prison in the northern part of the State, with 300 cells, not to cost over $50,000; and the bill submitting the question of calling a constitutional convention to the people, was passed. In the Senate, the bill increasing the salaries of Supreme Judges to $1,500; Circuit Judges to $1,300 and Prosecuting Attorneys to $500, was passed; also, the bill to abolish the office of State Printer and to let the printing to the lowest bidder after the 1st of August next. The bill to add six branches to the Bank of the State, was lost, and Mr. Conner's bill to permit private companies to take possession of the canal, if abandoned by the Trustees, was ordered to be engrossed.

The bill providing for election of U. S Senators has passed.

The Canal.—The bill authorizing the Trustees to lease the canal has passed the Senate—Ayes 26, noes 22. The sections releasing the bondholders from keeping up the bridges, and relinquishing the right of the State to redeem the canal, were stricken out. There are no other material changes from the bill as published in our last. There is strong opposition to the measure, but it is believed the bill will pass the House. We feel assured the canal will be kept up either by the trustees or companies to whom it may be leased.

Coalition of the Opposition—Accounts from Washington state that the plans of the opposition for the Presidential campaign are all arranged, and that Seward and his friends have sold out to Crittenden, who is to be the candidate for the Presidency. Seward is to be Secretary of State, and is to control the patronage and divison of the spoils, with a view to secure his own nomination for President in 1864. Republicanism, niggerism, and bleeding Kansas are to be laid on the shelf for the present, and Americanism, of which Mr. Crittenden is the embodiment, is to be in the ascendant. The Washington correspondent of the Louisville Courier says that Henry S. Lane, of Indiana, is to be the Vice President, and that it was to secure this result that he went to Washington on his Senatorial fool's errand.

The correspondent of the Cincinnati Enquirer speaks of Crittenden's nomination, but says that Governor Banks of Massachusetts is to be the candidate for Vice President. He also adds that "the Republican members of the House say privately that their vote against the admission of the free State of Oregon will help the Opposition to the Democracy in the South, by showing them that the Republicans are better friends of the South than the Democracy, who favor the rushing into the Union of so many free States."

This is a very nice scheme, if it can be carried out: but how will those ardent free soil men, who have shrieked themselves hoarse over bleeding Kansas, reconcile themselves to abandon their favorite hobby, and vote for a Kentucky slave owner?

Republican Anarchy—The Republicans in the Illinois Legislature have all gone home, leaving that body without a constitutional quorum to transact business. The object of this revolutionary course is, to prevent the passage of the bill apportioning the State into Legislative districts. Like their brethren in Indiana, they have left the state without the means of carrying on the government, as no appropriation bills are passed.

There is some hope they may, however, fail in their design, as nothing less than a constitutional quorum can adjourn the session of the Legislature *sine die*. The Speaker states his determination to sit until January next, if necessary; and in the meantime the sergeant-at-arms will be dispatched after the absentees.

Gen. Lane for President.—The Memphis Avalanche is out in favor of Gen. Joe Lane for the Presidency. It says:

For ourselves there is no man in the nation upon whom we would more willingly see the Charleston nomination conferred; for whom we would more cheerfully or more confidently follow into the Presidential battle of 1860, than Joe Lane. "The Marion of the Mexican War."

☞ There is a good deal of "Old Hickory" about Joe Lane; he is made of the right stuff for a President. In this state, where he is well known, his nomination would be the most popular one that could be made. If elected he would be the President of the people, not of the politicians, and would be the most popular President we have had since the time of Andrew Jackson.

Railroad Smash-up—On Wednesday night, the train to Chicago met with an accident two and a half miles west of this city. A large stump had fallen from the bank down on the track, and the engine striking this was thrown into the ditch and badly damaged, and some of the cars considerably smashed. Fortunately no person was hurt.

Night School.—The evening school at the western school house has commenced under favorable auspices, and promises to be a great advantage to the young men of the city, not only in giving them the means of improvement, but in keeping them from spending their evenings in improper places. Upwards of forty scholars are now in attendance, and the number is rightly increasing.

A HOAX.—The Cincinnati Commercial of yesterday contains a startling report that the entire city of Paris had been blown up with gunpowder, and the Emperor with his whole family and 750,000 persons killed. The report professes to be *copied from a Buenos Ayres paper!* As news from Paris by that route must be at least 2 months old, and we have direct accounts from Paris to the 12th inst, making no mention of any such horrible catastrope, it is almost needless to say that it is a miserable hoax, destitute alike of truth or probability.

☞ We are having dll sorts of weather. Last Saturday night we had a heavy thunder storm, accompanied with rain and a perfect tornado. Then we had two or three days of balmy, delightful spring weather—then a snow storm. This morning is bright and pleasant;—what it may be before night we will not venture to predict.

Conversions—Gen. Jim Lane, of Kansas, it is said has been converted, and joined the Methodist Church.

Gen. Walker, the renowned fillibuster, has entered the Catholic Church. He was publicly baptized in Mobile last week. We hope the conversions are real, and that both of these renowned warriors may practice the doctrines they have professed, beat their swords into plowshares, and hereafter preach peace on earth and good will towards men.

☞ LADIES will find some of the prettiest children's carriages ever brought here, at WARD'S new China Store. He has also a beautiful assortment of Tea Trays, Waiters, &c., in sets or single: Looking Glasses in great variety—some very elegant. His stock of China, Queensware and Glass is now complete, and it is quite a treat to examine the many beautiful articles he has for sale.

THE SUPPER prepared by the ladies of the Methodist Church on Tuesday evening is spoken of as a very pleasant affair. The company was quite large, and all enjoyed themselves well. The net receipts amounted to upwards of $180, which will be appropriated towards building a new church on Berry Street.

A CARD.

The ladies of the Berry Street M. E Church, tender their sincere thanks to their friends and the public, for the very generous patronage extended to their supper, on the evening of the 22d inst, and especially to Prof. Strubey and his excellent band, who so kindly contributed their services to "discourse eloquent music" on the occasion, as well as to the editors of the city papers for their repeated expressions of good will and kindly notices.

Orphan's Home.

Received of Mr A. H. Carier, Treasurer of the Fort Wayne Moderaters, the sum of $6.75 for sustaining the Orphan's Home, allowed by the Club, at their meeing last Thursday evening. Said contribution was immediately laid out for flour, bought at Hoagland & Williams' Mill, and the Orphans return to the Club their cordial thanks for such a donation.

CONGRESSIONAL.

WASHINGTON, Feb. 19.

SENATE.—After a lengthened discussion as to what business should be proceeded with, the consular and diplomatic appropriation bill was finally taken up.

Mr. Pugh after discussion withdrew his amendment previously offered, leaving only the following words as proviso to the first section, viz: That no other Minister, Envoy or Commissioner be entitled to any compensation during the fiscal year. The object of the amendment is, to prevent the President from appointing any more ministers without the consent of Congress. Agreed to—32 to 15.

Mr. Simmons moved an amendment that no minister shall be entitled to a higher rate of exchange than 10 per cent on the nominal amount of his salary. In China it had reached the enormous difference of 42 per cent.

Messrs. Toombs and Mallory showed that it was necessary to allow the current rate of exchange, else it is equivalent to reducing their salaries.

Mr Simmon's amendment was carried by 29 against 18.

Some hours afterwards when the bill was reported to the Senate, Mr. Toombs moved to reconsider the vote. This re-awakened the whole question of exchanges and Messrs. Toombs, Simmons, Collamer, Benjamin and others, discussed it. The motion to reconsider was carried by 26 against 9.

Mr Hunter from the majority of the Finance Committee offered an amendment that no more money be expended for the fiscal year commencing the first of July, 1869, than the amount appropriated in this bill, together with such amounts of the permanent and the definite appropriated in this bill, together with such amounts of the permanent and the difinite appropria ions as shall be applicable thereto. He proposed to add a similar clause to all the appropriation bills, the effect of which he said would be to limit what is to be used out of the permanent appropriations and reduce the expenditures from the estimate of seventy three to 61 millions.

Mr. King was anxious to guard against this amendment being construed as repealing outstanding appropriations already made, and he added a clause to prevent such a construction to Mr. Hunters amendment, which being thus modified passed.

Mr. Davis offered an amendment providing an additional appropriation of $150,000 for running the boundary line, so that the American Commissioner could be able to keep peace with that of the British.

Mr. Davis' amendment was agreed to.

The bill was then passed.

Mr. Simmons gave notice that he would move its reconsideration, when the Senate adjourned.

WASHINGTON, February 21.

SENATE.—The Diplomatic Appropriation Bill was taken up, when Mr. Simmons again went at length into the question of exchanges.

Mr. Trumbull followed on the same side and was succeeded by Toombs on the opposite.

Mr. Simmons' amendment limiting the rate of exchange was stricken out and the bill passed by 25 to 23.

The House Army appropriation Bill was read and referred to the Finance Committee.

The Cuba proposition was then taken up when Mr. Mason offered an amendment by way of substitute, to the effect, that Congress concedes the propriety and ultimate necessity of acquiring Cuba. That without committing itself to future measures, Congress at present confines itself to a declaration that the United States is prepared to receive the Island whenever Spain is ready to transfer it for a fair equivalent, and that this country can never remain neutral under any policy which would sever Cuba from Spain in favor of any foreign power.

Mr. Collamer spoke against the Cuba proposition. He denied that an expansion of Territory was a necessity of national growth, and contended that in our own case the acquisition of additional soil by conquest or otherwise is at variance with the whole framework of our Government and especially so if such additional soil does not border on our own, and would require a stand army to defend it.

WASHINGTON, Feb. 22.

SENATE.—Mr Hunter of Va., moved to take up the Executive, Legislative and Judicial Appropriation Bill, which was discussed.

The hour of half past one arriving, a debate ensued as to the order of business, the Vice President submitting to the Senate whether the consideration of the Appropriation Bill should be considered or the bill for the acquisition of Cuba be taken up.

Mr Slidell, of La., said that if the Cuba Bill was postponed, he would consider it as an evasion of a direct vote on the bill. He had been informed by its opponents that they intended to prvent a vote upon it this session.—He regretted that its friends were missing, as the dinner hour approached, while the opposition seemed disciplined and were better setters. He trusted that the bill would be disposed of at this session.

The vote being taken on the question of postponing the Cuban bill, it was agreed to—yeas, 33; nays 32.

The Senate then resumed the Appropriation Bill.

The total amount of appropriations is about $5,000,000.

The only amendments of importance introduced in the Senate were those from the Finance Committee, making an appropriation of $20,000 to take a census of the population of Kansas, with the view to the admission of that Territory into the Union as a State; also, additional sections relating to the mint, namely: extending the time for the issue of cents to two years; also, that when refined gold bullion shall be deposited at the mint, or its branches, the treasury shall make payments therefor as soon as coined, and that the charge for coining shall be three-eighths of one per centum; all of which were adopted.

Mr Trumbull, of Illinois, moved that the mints at Charlotte and Dahlgreen be abolished, and that the President be authorized to sell the sites.

Mr. Bayard, of Delaware, moved to include the Assay-office at New York.

Mr. Bayard's amendment was lost and Mr Trumbull's adopted.

Mr. Wilson, of Mass., introduced as new section that the mileage of Senators be reduced from forty to twenty cents.

Mr. Wilson's amendment was lost.

Mr. Hale moved, as an additional section, to repeal the restriction clause of the act to admit Kansas, and called on the Oregon Senators to do for her as they themselves had been done by.

Messrs. Lane and Smith, of Oregon, said that when Kansas came before Congress seeking admission, they would act by her with justice.

Mr. Smith made a speech at some length.

Mr. Douglas took the floor, and proceeded to say that his sentiments well known; they had undergone no change, and he did not expect that they will change. He held that Kansas ought to come in, irrespective of census, with such a constitution as she shall choose; hence he did not admit the necessity of an appropriation for taking the census. He wanted either this appropriation stricken out or the restriction clause repealed.

Mr. Green, of Mo., entered his protest against the introduction of this exciting and inflammatory subject. He mentioned that he was to-day authorized to report against a constitution framed at Leavenworth, and which had been offered by the Senator from New York, and he was delaying it at the instance of the delegate from Kansas, who says that the people do not wish to come in under that constitution. Mr. Green concluded by inculcating the duty of preserving a unity in feeling in all sections of the country.

After several attemps to adjourn, most of them being defeated by the vigilance of Mr. Hunter, who was anxious to get the bill passed, the Senate finally adjourned at a late hour.

WASHINGTON, Feb. 19

By the Treaty recently ratified by the Senate the United States acquire about 10,000,000 acres of land from the Yanckton Band of Dacotah Indians, who are to be placed on the Tribal Reservation, and the President is authorized to give them lands in severalty. Instead of being intrusted with large amounts of money as has heretofore been the case with other Indians they are to be supplied with stock, agricultural implements, farm houses, and whatever else may be necessary to advance them in civilization. This treaty was negociated with the Yanckton Band by Mr Mix, at the time Commissioner of Indian afairs, as was also the Treaty with the Senecas at Tonawonda recently ratified. They are to remain where they now are. The lands in the West to which they have a claim under a former Treaty are to be sold and the proceeds applied by the Commissioner of Indian affairs to the purchase of homes in their present locality. It will be recollected that the lands with which they parted in Western N. Y., were sold to the whites.

The Committee of Ways and Means have directed their chairman to report in favor of taking the census of Kansas and also adversely on the proposition to establish a branch mint at New York.

WASHINGTON, February 23.

The bill heretofore reported by Senator Green, and which he intends to call up as soon as an opportunity will admit, combines the outlines of a Territorial government for Dacotah and Arizona, making them twin sisters. When added as States, it shall be with or without slavery as their constitutions may prescribe. The Fugitive slave Law is to be extended to Dacotah, and the laws passed by a recent Legislative Assembly there, to be in force until repealed by the Legislature authorized by this bill; the Constitution and all the United States laws not locally inapplicable to have the same force and effect within the Territory of Arizona as elsewhere within the United States. In each Territory the right of suffrage and hold ng office should be exercised only by white male citizens of the United States, actual residents. The suffrage in Arizona extends to those recognized as citizens by the Mexican treaties.

The number of acres acquired by the recent treaty with the Yancton band of the Dacotah Indians, is 12,000,000, for which the United States agree to pay five cents an acre.

WASHINGTON, Feb 24.

The Senate was engaged until midnight in animated debate upon the political issues growing out of the unextinguishable Kansas question.

The point under consideration was an amendment to the general appropriation bill offered by Mr. Hale, to repeal the restrictive clause of the Kansas admission act. All the Democratic Senators whose political tenants are regarded as lacking in orthodoxy, availed themselves of the opportunity to define their positions. The amendment was rejected by a vote of 19 to 27, and the bill finally passed.

A caucus of Democratic Senators was held yesterday, and it was agreed upon, that no more private bills shall be passed. It was also decided to take up the Cuba bill on Friday, and continue in session until a vote is had.

WASHINGTON, Feb. 25.

The Union of this morning says in an editorial, "It has become perfectly obvious, that no measure of recenue can be adopted by the present Congress in the short space of time remaining of its existence." The Union therefore recommends the revival of the act of 1846 for three years, and the re-issue of Treasury notes. It argues that this could be done with perfect democratic consistency. Those who refuse to vote for these, virtually vote to stop the wheels of Government.

NEW YORK, February 18

Foreign Correspondence.—The Commercial Advertiser has private advices from Hong Kong of the 14th of December.

News had been received at Shanghai that Lord Elgin's fleet was fired into by the rebels from a fort beyond Nankin, while on their way up Yangtzekeang, and that the affair was not known. The reports vary considerably in regard to particulars.

Mr Reed, the American Minister, had left for Bombay.

The amount of the claims upon the Chinese Government was 500 000 taels, the liquidation of which, one-fifth of the duties paid on American Exports, Imports and Tonnage, will be appropriated.

The Paris correspondent of the Commercial Advertiser says Mr. Felix Belly announced on the 28th of January, the complete organization of the Nicaraguan Canal Company—that the necessary money was secured, and that in three weeks he would embark from Havre for Greytown, that in three weeks he would embark from Havre for Greytown, with Engineers and others, for the commencement of the work. The Prince Jerome headed the subscription with 50,000 francs, and the Prince Chambordand, and the Duc DeMontpensier had each such subscribed a large sum. The Company had made application to the Grand Duke Constantine and the Ark Duke Maximilian, to assume by literal subscriptions, a protectorship in this scheme.

Great Shooting-Match.—Mr. Wm. King, of Fort Wayne, ind., who, it will be remembered, shot here against Bland Duncan, of Louisville, in the autum of '55, has concluded to meet Mr Shannon, of St. Louis, in this city, and shoot for a prize of $400, at thirty double birds, each party to spring his own trap, to-morrow, the 23rd inst. The place selected will probably be the Fair Grounds, near the Brighton House. As both parties are crack shots, and as much interest is felt in the match by the sportsmen in this vicinity, we presume the crowd in attendance will be large. We expect to hear of some fine shooting from the contestants.—*Cin Enq.*

New Counterfeit Gold and Silver Coin—A new lot of excellently executed spurious gold quarter eagles, one dollar pieces and silver halves have made their appearance in the city this week, and are liable to deceive the best judges, unless very carefully examined. They have all the appearance of the good coin, but are light in weight, & the only way of detecting them is to compare them with the genuine. A number of our retail dealers have been deceived by this bogus coin, and we advise the public to be cautious of all money of this kind and denomination, which is supposed to be a new lot very recently manufactured.—*Cin. Enq.*

Bad Money—A couple of fellows were recently arrested in Cleveland, who had in their possession at the time, a carpet bag full of worthless bills; they were on the "Bank of Hartford, Ind." The money was in one, three, five and ten dollar bills, all new. There is no such bank in existence as the one these purport to have been upon. It is down in no detector save in a few which the men carry with them. The bills were lithographed, which adds vastly to the coolness of the operation. We notice several arrests mentioned in our exchanges, in different quarters of this part of the West, for attempts to pass this kind of money.—Look out for it.

MADISON, Ind., Feb. 21.

Court-House Burned.—The Court House in this city was partially destroyed by fire about midnight last night. Damages estimated at 20,000 dollars. Records and papers all saved.—This Court-House was the first in Indiana, and was recently erected at a cost of 40,000 dollars. Workmen have already commenced clearing away the ruins preparatory to rebuilding it.

Smith O'Brien, the Irish Patriot—Mr. Smith O'Brien is about to pay a visit to New York, and though he has expressed an earnest desire that our Irish fellow-citizens should not make him the subject of any special public demonstration, it would be wholly out of keeping with the impulsive character of his countrymen here to pay the slightest respect to a desire of that description. Hence, Mr. O'Brien, in the course of a few days, will be likely to learn that a distinguished stranger in the United States does not belong to himself. He is the property of the public.

☞ A grandson of Robert Burns, bearing the same name of his illustrious grandfather is now living in the town of Dumfries, where the poet died. He earns his scanty subsistence by teaching a few children. He is very poor, and though the town of Dumfries celebrated the centenary anniversary of the poet with dinners and processions, this neglected relative and descendant of him whom all delighted to honor, was not invited to join in any of the festivities.

☞ An Indianapolis correspondent, who witnessed the fight between Heffren and Goulding, writes us that it afforded a terrible realization of the lines of Watts (his name?) slightly altered:

"And Heffren he pitched into hym,
And hym put he down into he;
The way the fyte it was a sin,
And horrybell to see."

☞ The Army Appropriation Bill amounts to nearly sixteen millions. It has been submitted to the Committee on Military Affairs, and they have cut down various items the total reductions being one million three hundred and forty-one thousand dollars.

Great Skating Feat.—Tuesday, the 1st inst H K W. Ayres, a printer of the Press office, skated from this city across Lake Winnebago, and up Fox river to Berlin, a distance of 72 miles performing the feat in *five hours and fifteen minutes*, or at the rate of fourteen miles an hour. —*Fon du Lac Press.*

Not Bad—Plutarch says, in his life of Alexander, that the Babylonians used, during dog days, to sleep on skins filled with water. A Boston paper says that in these days men sleep inskins filled with bad whiskey.

Land Distribution Bill to be Vetoed.—Our intelligence from Washington induces the belief that President Buchanan will veto the Land Distribution Bill of Morrill, of Vermont. The bill, it will be recollected, donated six millions of acres of land to the States, for the purpose of building Agricultural Colleges in them. Mr. Buchanan is committed against this principle of land distribution by the General Government to the States. He voted against and made vigorous speeches against Mr Clay's old bill, which distributed the proceeds of the lands to the States. It is very foolish for the General Government to make donations to the States, for the latter have immediately to pay it back in the shape of increased taxes, as they support the former. Whenever the General Government deprives itself of sources of revenue the States make up the deficiency. If land is to be donated to the States, why restrict them to use it for Agricultural Colleges? Most of the States would lay it out to better advantage. Some want it to pay their debts, others for internal improvement, and some for general educational purposes. If the States are to have the lands, let them make make such use of it as they please.—*Cincinnati Enquirer.*

The Rump Senators—We understand that Senator McCarty, having drawn the short straw has consequently returned from Washington with his credentials. Senator Lane having been so lucky as to draw the long straw, stays longer therefore. He is expected back however, in a few days, with his credentials also. We understand the Republican party, through the Senator from Jefferson, have expressed to the Hon. Mr. McCarty their most concentrated indignation at the Senate of the United States for the great disrespect they have shown to the Republican sovereignty of Indiana, in not admitting the aforesaid Hon. Mr. McCarty to a seat in that dignified body, and the same compliment and condolence is held in reserve for Mr. Lane, when he shall return. We do not know what further steps will be taken in the premises, unless the Republican negro equality party of Indiana shall culminate the indignation by resolving to go out of the Union and retire to enjoy the congenial, social and domestic institutions of Liberia. If such should be the conclusion, we can only say "depart in peace."—*State Sentinel.*

The Atlantic Cable—Mr. Henley, Chief Electrician of the Atlantic Cable Company, has arrived at St. John's, N. F., with batteries and instruments, to commence operations with them on this end of the cable.

Arrival of the Africa.

NEW YORK, February 22.

The Africa arrived at her dock about 9 o'clock this morning. She left Liverpool February 5th. Her advices have been anticipated by the Prince Albert at St. Johns. She brought 50 passengers, among them Baron Von Gerolt, Prussian Minister.

Latest by Telegraph.—London, 5th—Funds opened yesterday at ¼ decline, and closed at 3/8 lower than Thursday's quotations. Nearly all other classes of securities show a decided decline. There was also a great fall in French funds yesterday, equal to ¾, making a fall of 1¼ in two days, and fully 6¼ since New Years. The Daily News argues from the remarks of the Premier and Chancellor of the Exchequer that the position of foreign affairs is most critical. The Ministers are unable to furnish authorative information respecting the intentions of the French Emperor. It is felt more clearly than ever that the preservation of peace depends upon the will of one individual.

The Times' city article says the conviction is that war is intended to be promoted.

The discussion in Parliament has had a very discouraging effect, which was greatly aggravated by the announcement of the attempt of Sardinia to make a loan, and the imperial pamphlet on Italy. All the other city journals are also speculating in the war question.

The Times says in its leading editorial, the torch of war but once lighted, no one can tell when it can be quenched. To England there seems but one duty—that of saying energetically that without war or any other disturbance of the general peace of Europe, Italy shall be free.

In another part of the city article, the Times says, it is presumed that the Sardinian loan is intended to be raised at Turin, but if that be impracticable, then at Paris, under French guarantee. In London it would be scarcely entertained for a moment.

The fall in 5 per cent. since the 1st of Jan., has already been equal to 10 per cent.

Advices by telegraph state that fighting has commenced in Montenegro.

The Russians had been repulsed in the attempt to take the town of Ghelnejik on the Circassian Coast.

Arrival of the Canada.

HALIFAX, February 24.

The R. M. Steamship Canada, from Liverpool 12th arrived this evening.

Continental affairs had changed. Pacific rumors had predominated, but the latest advices are more warlike, notwithstanding the peaceful sentiments uttered by the Emperor and Count DeMorny; warlike preparations continued on a large scale.

The Paris Bourse had fluctuated, closing heavy at 68f for 3 per cent.

The British Parliamentary preceedings were unimportant.

In the London Stock Exchange the fluctuations had been slight, but the funds closed flat.

The Sardinian Chamber of Deputies had voted a new loan of fifty million francs, which Count Corour had explained was designed for the defence of the kingdom against the threatening attitude of Austria.

Military movements continued in Austria.

The Calcutta mail of Jan. 9th and Hong Kong of Dec. 30th, had been received, but the news was unimportant.

Liverpool breadstuffs were dull, with a declining tendency. Provisions were firm.

France—The number of ships of war in commission in French ports, was 200.

The latest correspondence of the London papers looked warlike. There was great diversity of opinion, and it was believed that hostilities would commence before the end of the year.

The following is a summary of Count Cavour's speech respecting the new loan: "Our policy has been at all times national, never of a revolutionary character. Austria has lately taken a menacing attitude towards us; has collected very large forces on our frontier. Therefore, the necessity arises for us to look for means of defence. Our policy is not defiant. We will not excite war—neither will we lower our voice when Austria arms herself and threatens us."

Nena Sahib.—Nena Sahib is likely to be caught at last. He was in Oude, closely pursued by a British force, and was accompanied by only 1,5000 men. Two Rajahs with him have solicited the government for protection when they may be able to escape. Their messenger also appeals on behalf of the Nena himself, for clemency to his family.

Message from the President of the United States.

The following message was transmitted from the President of the United Sates to Congress, on Friday, February 18th.

To the Senate and House of Representatives:

The brief period which remains of your present session, and the great urgency and importance of legislative action, before its termination, for the protection of American citizens and their property whilst in transit across the Isthmus routes between our Atlantic and Pacific possessions, render it my duty again to recall this subject to your notice. I have heretofore presented it in my annual messages, both of December, 1857, and 1858, to which I beg leave to refer. In the latter I state that "the executive government of this country, in its intercourse with foreign nations, is limited to the employment of diplomacy alone. When this fails it can proceed no further. It cannot legitimately resort to force without the direct authority of Congress, except in resisting and repelling hostile attacks. It would have no authority to enter the territories of Nicaragua, even to prevent the destruction of the transit and protect the lives and property of our own citizens on their passage." It is true that on a sudden emergency of this character the President would direct any armed force in the vicinity to march to their relief but in doing this he would act upon his own responsibility.

"Under these circumstances, I earnestly recommend to Congress the passage of an act authorizing the President, under such restrictions as they may deem proper, to employ the land and naval forces of the United States in preventing the transit from being obstructed or closed by lawless violence, and in protecting the laws and property of American citizens, travelling thereupon; requiring at the same time that the forces shall be withdrawn the moment the danger shall have passed away. Without such a provision our citizens will be constantly exposed to interrupt in their progress, and to lawless violence.

A similar necessity exists for the passage of such an act for the protection of the Panama and Tehuantepec routes."

Another subject, equally important, commanded the attention of the Senate, at the last session of Congress.

The Republics south of the United States on this continent have, unfortunately, been frequently in a state of revolution and civil war ever since they achieved their independence. As one or other party has prevailed and obtained possession of the ports open to foreign commerce they have seized and confiscated American vessels and their cargoes in an arbitrary and lawless manner, and exacted money from American citizens by forced loans, and other violent proceedings, to enable them to carry on hostilities. The executive governments of Great Britain France and other countries, possessing the war making powers, can promptly employ the necessary means to enforce immediate redress for similar outrages upon their subjects. Not so the exective government of the United States. If the President orders a vessel of war to any of these ports to demand prompt redress for outrages committed, the offending parties are well aware that in case of refusal the commander can do no more than remonstrate. He can resort to no hostile act. The question must then be referred to diplomacy and in many cases adequate redress can never be obtained. Thus American citizens are deprived of the same protection, under the flag of their country, which the subjects of other nations enjoy. The remedy for this state of things can only be supplied by Congress, since the constitution has confined to that body alone the power to make war. Without the authority of Congress, the Executive cannot lawfully direct any force, however near it may be to the scene of difficulty, to enter the territory of Mexico, Nicaragua, or New Granada, for the purpose of defending the persons and property of American citizens, even though they be violently assailed while passing in peaceful transit over the Tehuantepec, Nicaragua, and Panama routes. He cannot, without transcending his constitutional power, direct a gun to be fired into a port, or land a seaman or marine to protect the lives of our countrymen on shore or to obtain redress for a recent outrage on their property. The banditti which infest our neighboring republic of Mexico, always claiming to belong to one or other hostile parties, might make a sudden descent on Vera Cruz or on the Tehuantepec route, and he would have no power to employ the force on ship board in the vicinity for their relief, either to prevent the plunder of our merchants or the destruction of the transit.

In reference to countries where the local authorities are strong enough to enforce the laws, the difficulties here indicated can seldom happen; but where this is not the case, and the local authorities do not possess the will, to protect our citizens within our limits, recent experience has shown that the American Executive should itself be authorized to render this protection. Such a grant of authority, thus limited in its extent, could in no just sense be regarded as a transfer of the war making power to the Executive, but only as an appropriate exercise of that power by the body to whom it exclusively belongs. The riot at Panama in 1856, in which a great number of our citizens lost their lives, furnishes a pointed illustration of the necessity which may arise for the exertion of this authority.

I, therefore, earnestly recommend to Congress, on whom the responsibility exclusively rests, to pass a law before their adjournment conferring on the President the power to protect the lives and property of American citizens in the cases which I have indicated, under such restrictions and conditions as they may deem advisable. The knowledge that such a law exists would of itself go far to prevent the outrages which it is intended to redress, and to render the employment of force unnecessary.

Without this the President may be placed in a painful position before the meeting of the next Congress. In the present disturbed condition of Mexico, and one or more of the other republics south of us, no person can foresee what occurrences may take place before that period. In case of emergency, our citizens, seeing that they do not enjoy the same protection with subjects of European governments, will have just cause to complain. On the other hand, should the Executive interpose, and especially should the result prove disastrous, and valuable lives lost, he might subject himself to severe censure for having assumed a power not confined to him by the constitution. It is to guard against this contingency that I now appeal to Congress.

Having thus recommended to Congress a measure which I deem necessary and expedient for the interest and honor of the country, I leave the whole subject to their wisdom and discretion.

CITY ORDINANCES.

AN ORDINANCE to amend an Ordinance entitled "An Ordinance to amend sections 1 and 2 of an Ordinance entitled 'An Ordinance to prevent the Sale of Intoxicating Liquors without License,' passed February 15th, 1859.

SECTION 1 Be it ordained by the Common Council of the city of Fort Wayne, that section 2 of said ordinance be amended so as to read as follows, to-wit: That every person who shall apply to the Common Council for a license, as provided in the 1st section of the ordinance to which this is an amendment, shall present a petition, signed by six respectable householders of his neighborhood, setting forth that the petitioner is a person of good moral character, well known for sobriety; and if the Common Council, or a majority of them, shall consent to the prayer of the petition, the applicant shall pay into the City Treasurer the sum of fifty dollars, which shall entitle him to a License for the period of one year; and in case such person shall not desire to take out a license for a longer period than three months, then such person shall pay to the City Treasurer the sum of twelve dollars and fifty cents, and upon the filing of the City Treasurer's receipt for the sum so paid with the City Clerk, he shall thereupon issue a license to such person, in conformity with the sum so paid to the Treasurer aforesaid. *Provided* that no license shall be granted for less than three months nor for any longer period than one year; but such fee may be granted for three, six, nine, or twelve months, at the rate of fifty dollars per year, to be paid as aforesaid.

Every license so granted shall be issued by the City Clerk, with the corporate seal affixed thereto, and attested by the Mayor, and recorded in a book of that purpose; for which services the person so licensed shall pay to the Clerk, one dollar, and to the Mayor, fifty cents.

SEC. II That so much of said section 2 as conflicts with any of the provisions of this ordinance be, and the same is hereby repealed. This ordinance to be in force from and after its passage.

Adopted February 22d, 1859.

AN IMMEDIATE CURE

Mrs Bigelow, of Schuyler's Falls, Clinton county, New York, writes "Though advanced in years, I never had a worse cough in my life, and my head was so much diseased that I could neither taste nor smell for five or six weeks. Nothing I could take would relieve me; but my cough increased until I tried your Hoffland's Balsamic Cordial. I have taken three bottles, and I now find myself well. I attended church last Sabbath for the first time in eight weeks."

Prepared only by Dr C M Jackson, No 418, Arch Street Philadelphia, and for sale by Druggists in Storekeepers throughout the United States and Canada.

Price 75 cents per bottle.

Ladies and Gentlemen:—We would call your attention to the advertisement of Prof. O J Wood's Hair Restorative, which appears in the columns of our present number.

From our long acquaintance with the proprietor, and with numerous individuals who have used his preparation with perfect success for the last two years, we feel no hesitation in recommending the article as superior to any other preparations now in use for the same purpose, viz: for restoring gray hair to its original color, a sure and perfect cure for baldness, and a never failing preventive for the falling of the hair.

It is decidedly the best and most popular in use for beautifying, preserving, and removing scurf, dandruff, and all eruptions and diseases from the scalp.

We speak in relation to the above from what we know, having been personally acquainted with numerous persons who have used the restorative for the above purposes with the most gratifying results.

It is not often we notice medicine, indeed, we think we have never puffed one before: but Prof Wood's Hair Restorative is something so superior to most of the preparations of the day, that we cannot refrain asking the attention of our readers to it.—*Catholic Vindicator.*

Dr. Roback's Scandinavian Remedies.

The cures accomplished by these great Swedish medicines would be incredible if they were not attested by the parties themselves over their own names. D. Roback, the discoverer and sole proprietor of these famous restoratives, is now preparing for publication his list of cures for 1855, with the names, residences, etc. of the patients, many of whom had been told by their family physicians that there was no help, they must die. The faculty are thunderstruck. They never dreamed of the possibility of compounding a preparation capable of reaching the seat of disease in the blood, and restoring that fluid to a healthy condition, with absolute certainty. All diseases of the stomach, liver, bowels, kidneys, nerves, skin, glands, and muscles are infallibly removed by Blood Purifier and Blood Pills.

Sheriff's Sale.

Holland Smith *et al* vs. Elijah J Brown and Mary D Brown. } In the Court of Common Pleas of Allen County, Indiana.

BY virtue of an execution to me directed and delivered by the Clerk of said Court, in the above entitled cause, I have levied upon and will expose for sale by public auction, at the Court-House door, in said County, between the hours of one and four o'clock P. M. of the 12th day of March, 1859, the rents and profits for a term of years not exceeding seven, of the following described premises, viz:

Commencing at the center of the Fort Wayne and Hicksville State Road, where the line dividing the south-west quarter of section thirty-two [32], township thirty-two [32], north of range fourteen [14] east, crosses the said road; thence south on said line until it strikes a line running south-west, on the back part of the lots in the village of Cuba, to the north-east corner lot number nineteen [19] in the said village of Cuba; thence at right angles with the last mentioned line, to the center of the Fort Wayne and Hicksville road; thence north east, in the center of said road, to the place of beginning, containing one acre, more or less. And also Lot numbered thirty five [35] in the village of Cuba, Allen County, Indiana.

And on failure to realize therefrom the full amount of the judgement, interest thereon and costs, I will at the same time and place, by public auction as aforesaid, expose to sale the fee simple of the above described premises. Taken as the property of the defendant, to satisfy said execution.

HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

THE GREAT BEAUTIFIER

So long unsuccessfully sought,

FOUND AT LAST!

FOR IT RESTORES PERMANENTLY GRAY HAIR to original color, covers luxuriantly the bald head, removes all dandruff, heeling and all scrofula, scald head and all eruptions; makes the hair soft, healthy and glossy, and will preserve it to any imaginable age; removes, as if by magic, all blotches, &c., from the face, and cures all scrofula and nervous headache. See circulars and the following:

DOVER, N. H., Feb. 2, 1857.

PROF. O. J. WOOD & Co.—Gents: Within a few days we have received *so many orders* and calls for Prof. O. J. Wood's Hair Restorative, that to-day we were compelled to send to Boston for a quantity (the 6 dozen you forwarded all being sold), while we might order a quantity from you. *Every bottle we have sold seems to have produced three or four new customers*, and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is A MOST VALUABLE PREPARATION.

Send us as soon as may be one gross of $1 size and one dozen $2 size, and I do we remain yours respectfully,

(Signed) DANIEL LATHROP & Co.

Hickory Grove, St Charles Co., Mo., Nov. 19, 12 6.

PROF. O. J. WOOD—Dear Sir, Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative; we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has a healthy a scalp, and as luxuriant a crop of hair, as any other child We can therefore, and do hereby recommend your Restorative as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully,

GEORGE W. HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

Gardiner, Maine June 22, 1858.

PROF. O. J. WOOD—Dear Sir, I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, Respectfully,

DANIEL N. MURPHY.

THE GREATEST

MEDICAL DISCOVERY

Of the Age.

Mr. KENNEDY, of Roxbury, has discovered in one of our common Pasture Weeds, a remedy that cures

Every Kind of Humor

FROM

The worst Scrofula down to a common Pimple

He has tried it in over eleven hundred cases and never failed except in two cases (both thunder humor). He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

TWO bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One or two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula,

One tablespoonful per day will prevent chills and fever

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBERY, MASS.

DEAR MADAM.—The reputation of the Medical Discovery in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it that I need not say anything on the subject, as the most skilful physicians and the most powerful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice I do it with a full knowledge of its curative powers, relieving all, and curing most of those diseases to which our fellow citizens are unfortunately subjects. That most excruciating disease to an afflicted mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful pangs to calm and sweet slumbers, and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

It extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then is the intestines and

KIDNEYS

exciting a sinking, gone feeling, and an inability even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes flaxy or greenish and your best day is gone For want of nourishment your system comes to be one lifeless, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is particularly

ADAPTED TO CURE:

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain at the lights point when you return irregularity of the bowels, and also, that most excruciating of diseases, the

PILES,

How many thousands of poor women are suffering from this disease and going away a miserable life, and their medical adviser is ignorant does not know the cause. I wish to impress on your mind that good old proverb "An ounce of prevention is better than a pound of cure." Is the

MEDICAL DISCOVERY

you have both the preventative and the cure, with the great and good quality, that it will never, under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you can get and enough of it.

DIRECTIONS FOR USE. Adults, one table spoonful per day;—Children over ten years, dessert spoonful;—Children from five to eight years, tea spoonful As no directions can be applicable to all constitutions take sufficient to operate on the bowels twice a day.

DONALD KENNEDY.

of the State of Pennsylvania (except the counties of Erie, Alleghaney and Philadelphia) State of Wisconsin, and the northern part of Indiana.

THE world wide reputation of these machines renders puffing unnecessary. All who have used Singer's Machine recently to their superior merits over all others. Over 12 000 have been sold and are now in active operation and not one has proved a failure! By simply changing the needle and thread the same machine will execute perfectly every variety of work, coarse or fine, on cloth or leather. From $200 to $500 a year can be cleared by an individual using this machine more than can be cleared by hand.

Singer has also brought out a new

FAMILY MACHINE,

highly ornamented, which for beauty and expedition far surpasses all other Family Machines. These machines use two threads, forming a lock stitch in the centre of the goods sewed, and making a perfect back stitch on both sides of the cloth, which makes a seam much stronger and better to rip than hand sewing, and does not use more than two thirds as much thread as the chain stitch machine.

These machines are for sale by the undersigned at his office on North Fifth Street, opposite Good's Hotel, Reading Pennsylvania:

Also by T. E. EVANSON, Traveling Agent in Indiana. Silk, Needles, Oil, and Thread for sale by T. E. EVANSON,

Acknowledgements are due to friends in the Medical Profession for favorable notices, to which the reader is referred below:

I have lately examined Teeth (or rather micro shells of teeth) *successfully filled* by Dr. Knapp, which had been condemned by Dentists of large experience more than three years previous.

CHAS. E. STURGIS M. D.

We have had opportunities of examining a large number of full and partial sets of teeth made by Dr. Knapp, and we, unhesitatingly pronounce them, in adaptation to the mouth, beauty (or naturalness) of expression, strength, and purity of material, to be equalled only by the best work made in eastern cities.

It is hereby provided, that the present Market Master shall hold his office for the full term of his appointment.

SEC. 3. That the Market Master shall have charge of the Market-house; he shall open it upon the days and times hereinbefore specified, and remain therein during the time it shall continue open; he shall cause it to be kept clean and in good order, reporting to the Common Council whatever repairs may be necessary; he shall cause all vehicles brought thereto to be so arranged as shall best suit the convenience of buyers and sellers; he shall keep at the market two sets of scales, one large and one small with the necessary weights of the Avoirdupois standard, one set of dry measures, sealed, of the capacity of one-half bushel, one peck, and one-half peck; and one set of liquid measures, sealed, of the capacity of one gallon, one quart, and one pint, all to be furnished by the city, and of the legal standard, by which weights and measures he shall test all weights and measures used in said market as often as once in every three months, and whenever any weight or measure is suspected of falsity; he shall preserve order during market hours, removing all obstructions, nuisances, and disorderly or vagrant persons found therein, at any time, and cause all violations of the ordinances of the city, pertaining to markets, to be promptly prosecuted before the Mayor. And, that he may the more efficiently perform his duties, he is hereby declared to be a police officer, with full power to arrest and take before the Mayor any person guilty of any violation of any ordinance pertaining to markets, to be dealt with according to law. He shall receive for his services such salary as the Common Council may determine. And the said Market Master may for any good cause be removed from his office by the Common Council, who shall appoint a proper person to fill the office for the remainder of the term for which the person so removed was appointed.

SEC. 4. That the Market Master shall at the times and for the period and rent directed by the Common Council, rent the stalls in said market to butchers for the sale of all meats, and the side benches thereof to persons for the sale of all provisions except fresh meats not mixed by those selling them; and every person so renting shall pay in advance the whole rent to the City Treasurer, who shall receipt to him for the same, which receipt the person renting shall deliver to the City Clerk, who shall forthwith issue a license to each person for the term for which he shall have rented, which license shall be signed by the Mayor, countersigned by the City Clerk, and properly registered; *Provided*, that the Common Council may direct the Market Master, to rent said stalls and side benches publicly to the highest bidder for any term directed by said Council; and *Provided* further, that all contracts for rent of stalls and side benches now existing shall continue for their full term

SEC. 5. That every butcher who shall for the space of two hours after the close of the market, fail thoroughly to cleanse his stall and all appurtenances thereto, shall be fined in any sum not exceeding ten dollars and costs.

SEC. 6. That every person who shall offer for sale, or sell in the said market, any article which shall not be of full weight according to the standard hereinbefore provided, shall be fined for each offence, in any sum not exceeding five dollars and costs, in addition to which all prints or rolls of butter, which shall be short of the weight marked thereon, shall be sold by the Market Master, at public auction to the highest bidder, the proceeds of such sale to be paid into the city Treasury.

SEC. 7. That every person who shall weigh or measure any article intended to be sold in said market by weight or measure, in any other manner than on scales or in measures tested as hereinbefore provided, shall for each offence be fined in any sum not exceeding five dollars.

SEC. 8. That every person who shall offer for sale or sell any fresh meat, in any quantity less than one quarter of an animal, in any place within the limits of the city, other than at the said market, or who shall offer for sale or sell the same, or any sausages or puddings made of fresh meat in quantities of less than twenty pounds, at said market, without obtaining a license therefor as hereinbefore provided, shall be fined in any sum not exceeding ten dollars.

SEC. 9. That every person offering at said market fresh meat or fish for sale, who shall at any time between the first days of May and October, fail to remove the same therefrom within two hours after the close of the market, shall for each offence be fined in any sum not exceeding five dollars with costs.

SEC. 10. That every person who shall within the limits of the city, before the opening of the market, directly or indirectly offer for sale, sell, or buy any provisions whatever, intended to be sold in said market, either for use or to export or resell, except apples or potatoes for one's own family use, or shall directly or indirectly offer for sale or sell at the said market, any article which the said person may have in any way forestalled on the way to and designed to be sold in said market, shall for each offence be fined in any sum not exceeding five dollars and costs

SEC. 11 That every person who shall offer for sale or sell at said market, or at any other place in said city, any unwholesome, damaged, or spoiled provisions of any kind, or any veal under four weeks old, shall be fined in any sum not exceeding twenty five dollars and costs.

SEC. 12. That every person who shall permit any vehicle or animal to remain unattended upon the street on either side of the Market-house, or who shall hitch any animal to said Market-house, or to any appurtenance thereto, or who shall in any way injure or deface the said Market-house, or any appurtenance thereto, or who shall drive any animal or team upon the floor of or through the said Market-house, shall be fined in any sum not exceeding twenty five dollars and costs, together with the cost of all repairs of injuries done thereto.

SEC. 13. That every person who shall permit his or her dog or bitch to run at large through the said Market-house, or market space during market hours, or shall bring any such animal to such Market-house or space, not tied by a strong cord to some vehicle, shall be fined in any sum not exceeding three dollars and costs, and if the said dog or bitch be without a collar as provided by law, it shall be the duty of the Market Master to destroy it.

SEC. 14. That every person who shall slaughter or dress any animal within said Market-house or space, or shall place any offal, filth, or rubbish in any part of the same, shall be fined in any sum not exceeding five dollars and costs.

SEC. 15. That every person who shall lie upon the stall or side benches in said market, or shall loiter about, or be guilty of any disorderly conduct about the said Market-house or space, shall be fined in any sum not exceeding ten dollars and costs.

SEC. 16. That all ordinances relative to markets other than the present, and also an ordinance entitled, "An Ordinance excluding dogs from the market space;" adopted, February 23th, 1858, be and the same are hereby repealed.

Adopted, February 2nd, 1859.

CHAP. X. OFFICERS CHARGED WITH OFFICIAL MISCONDUCT.

AN ORDINANCE, providing for the preferring of charges against City Officers, and prescribing the mode of proceeding therein.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, any person holding office under said City, either by election or appointment, who shall willfully neglect the performance of any duty appertaining to his office, or who shall be guilty of habitual drunkenness, or of any crime or misdemeanor, or who shall, in the opinion of the Common Council, be by any cause, disqualified for the performance of the duties of his office, may be removed therefrom

SEC. 2. That a charge in writing against any officer of this city, for any of the causes recited in the foregoing section, may be preferred to the Common Council by any member thereof, or by any voter of the city, which charge if made by a member of the Common Council, shall be signed by him in his official character, and if made by any other person, shall be signed by such person and verified by his oath. When such charge is preferred, the Common Council shall refer it to one of its standing committees, who shall thoroughly examine therinto, and if such committee shall deem such charge to be well grounded, they shall forthwith report the same in a proper manner to the Common Council for trial; but if such committee shall deem the evidence, upon which such charge is based, to be insufficient they shall so report to the Common Council, when, if the Common Council acquiesce in such report, all further proceedings in the matter shall be stayed; but if the Common Council refuse to adopt such report, the matter shall be referred to a special committee to consist of one member of the board from each ward of the city, and she-pld such select committee report the evidence for the charge to be insufficient, the whole matter shall thereupon determine.

SEC. 3. That when any committee shall report a charge for trial, as provided in the foregoing section, the Mayor or presiding officer, of the Common Council, shall forthwith issue a summons, requiring the person implicated to appear before said Council, to answer such charge, at a time to be set forth in the summons and not less than five nor more than ten days from the service of such summons, which summons shall be served and returned according to law.

SEC 4. That upon the service and return of the summons, as herein before provided, such charge shall stand for trial before the Common Council, and shall be heard and determined thereby, subject to the rules of suits at law. A failure, upon the part of the person accused, to appear at the time fixed for the trial of the charge, shall be deemed as a confession of the truth of such charge, but if the accused party appear on the trial of the charge, he shall be heard by him-elf and counsel, and after full examination of the matters in issue, the same shall be submitted to a *viva voce* vote of the C uncil, and should two thirds of the whole number of the members then of sa- determine, the party accused shall be deemed to be guilty of the charge specified, and shall by such vote be removed from his office, and sentence of such removal shall forthwith be pronounced by the presiding officer of the Common Council, and entered upon the records thereof.

SEC. 5. That if any charge be made, as provided in this ordinance, against any member of the Common Council, the said member shall not vote in any proceeding touching such charge; and if made against the Mayor, the Common Council shall appoint one of their number to serve as Mayor until such charge is determined.

SEC. 6. That all ordinances and parts of ordinance, inconsistent herewith, be and the same are hereby repealed.

Adopted, February 2d. 1859.
Attest: J. C. DAVIS, *Clerk.* S. S. MOSS, *Mayor.*

CHAP. XI. POLICE.

AN ORDINANCE, relative to Policemen.

SEC. 1. Be it ordained by the Common Council of the City of Fort Wayne, that from and after the legal publication of this ordinance, every officer of this city, whether elected or appointed, shall be a special policeman, with full authority to apprehend, without warrant, any person who, in the presence of such officer, shall be found guilty of violating any ordinance of the city aforesaid, or disturbing the peace thereof, and confine him in the city prison, or retain him in custody, until he can be brought before the Mayor to be dealt with according to law.

SEC. 2 That when the Mayor may deem it necessary for the preservation of the public peace and safety, he may, by and with the consent of a majority of the members of the Common Council, appoint a proper number of special policemen, who shall, under the authority and control of the Mayor, act while such necessity shall exist and no longer. For their services such special policemen may receive such compensation as the Common Council may determine.

SEC. 3. That the Common Council may, when they deem it proper, or in cases of emergency, the Mayor may with the consent of a majority of the members thereof, appoint a night watch, who shall, during the time of their active services, have full powers as policemen, under the control and authority of the Mayor, and the appointment of such watch shall be temporary or permanent as the aforesaid Council may determine. Such watch may receive for their services such compensation as the Common Council may in their discretion determine.

SEC 4. That in accordance with the powers vested in the Common Council by Sect. 36 of the city charter, it is hereby declared to be the duty of every police officer of this city, whether regular or special, to arrest any person who shall, within one mile of the city limits be guilty in the presence of such officer, of violating in any manner any ordinance of this city relative to vagrants or disorderly persons, or nuisances, or the sanitary regulations of this city.

SEC. 5. That any officer in the exercise of any authority herein granted may, if he deem it necessary, require any man standing by to assist him in making any arrest, and any man who shall refuse such assistance when demanded, shall be deemed guilty of a misdemeanor, and be fined in any sum not exceeding Ten dollars and costs.

SEC 6. That it shall be the duty of the Marshal and every other police officer whether general or special when he brings any person, arrested under any provision of this ordinance, before the Mayor, forthwith to file his affidavit setting forth the offence for which such person was arrested when the Mayor shall issue his warrant, and the case shall then be tried according to law,

SEC. 7. That all ordinances relative to the office of Marshal and to all other matters herein contained, other than the present, be and the same are hereby repealed.

Adopted, February 2d, 1859.
Attest: J. C. DAVIS, *Clerk.* S. S. MOSS, *Mayor.*

CHAP. XII. SANITARY REGULATIONS.

AN ORDINANCE, relative to Sanitary Regulations.

SEC. 1. Be it ordained by the Common Council of the city of Fort Wayne, that from and after the legal publication of this ordinance, every person who shall within one mile of the city limits create or maintain any nuisance in violation of the ordinances of this city, or who shall permit any piece of ground within the same limits, by reason of stagnation or water thereon or by any other cause, to become offensive or detrimental to the health of the inhabitants of said city, shall be fined in any sum not exceeding Twenty Dollars and costs, and shall in the case of a pond or other nuisance, be notified by the Mayor to abate such nuisance or drain or fill up such piece of ground, and upon failure of the person so notified to obey such order, it shall be executed by the city at the expense of such person, as provided in other like cases

SEC. 2. That every person who shall, within one mile of the city limits, be guilty of vagrancy or lewd or disorderly conduct, or who shall associate with women of notoriously bad character, shall be fined in any sum not exceeding Twenty Dollars and costs

SEC. 3. That it shall be the duty of every physician, keeper of a public house, or commander of a canal boat, within one mile of the city limits, or within the city, to report in writing to the Mayor without delay, with the name and residence of the person affected, every case of contagious, infectious, or epidemic disease occurring within their knowledge, when the Mayor, in case the city shall have established a hospital for such disease, shall cause the person so diseased to be informed thereof, when if he be willing he shall be removed to such hospital. But if such person shall be unwilling to go to said hospital, the owner of the house where he lies, shall within six hours of receiving notice cause to be put up in a conspicuous place upon such house, a legible placard indicating the disease with which the person therein is affected. And every person who shall violate any provision of this ordinance, or who shall expose himself after affection by any of the diseases aforesaid, in any public place or other house

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous active, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive powers, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not one so much in request as this healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be broken from its fearful hold by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and regular digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother is nourishing and giving suck to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy, for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtues of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

SATURDAY, FEBRUARY 26, 1859.

☞ We are so crowded with advertisements this week, that we have no room for editorial comments.

LEGISLATIVE.—The bill changing the mode of township business, making one township trustee do all township business, be inspector of elections school trustee, fence viewer, &c., and abolishing the office of township clerk and treasurer, has passed both Houses and become a law. We gave a synopsis of this bill in our last.

The House License Law has finally passed both Houses, but does not materially differ from the sketch we gave of its previsions two weeks ago. Wine or Cider made from fruits grown within the state are allowed to be sold without license, provided they are not permitted to be drunk on the premises where sold.

A bill establishing a sub treasury for the state finances, has passed both Houses. It requires taxes to be paid in specie or specie-paying Indiana bank paper; requires the money to be kept in the treasury, and makes it embezzlement for the treasurer to use or loan any portion of it. Such a system will protect the State from the numerous losses and populations it has suffered from Indianapolis officials and financiers.

Bills prohibiting state officers from receiving fees, and reducing the fees of county officers are before both Houses, and will probably pass.

Bills have been introduced creating two new judicial circuits: One (the 11th,) to comprise the counties of Elkhart, Lagrange, Noble, Kosciusco, Steuben, and DeKalb—leaving Allen, Adams, Wells, and Whitley to form the 10th Circuit. The 15th Circuit is to be created in the south part of the state.

Several important bills were considered and acted on on Wednesday in the House there was a test vote in favor of erecting a new prison in the northern part of the State, with 300 cells, not to cost over $50,000; and the bill submitting the question of calling a constitutional convention to the people, was passed. In the Senate, the bill increasing the salaries of Supreme Judges to $1,500; Circuit Judges to $1,300 and Prosecuting Attorneys to $500, was passed; also, the bill to abolish the office of State Printer and to let the printing to the lowest bidder after the 1st of August next. The bill to add six branches to the Bank of the State, was lost, and Mr. Conner's bill to permit private companies to take possession of the canal, if abandoned by the Trustees, was ordered to be engrossed.

The bill providing for election of U. S. Senators has passed.

The Canal.—The bill authorizing the Trustees to lease the canal has passed the Senate—Ayes 25, noes 22. The sections releasing the bondholders from keeping up the bridges, and relinquishing the right of the State to redeem the canal, were stricken out. There are no other material changes from the bill as published in our last. There is strong opposition to the measure, but is believed the bill will pass the House. We feel assured the canal will be kept up either by the trustees or companies to whom it may be leased.

Coalition of the Opposition.—Accounts from Washington state that the plans of the opposition for the Presidential campaign are all arranged, and that Seward and his friends have sold out to Crittenden, who is to be the candidate for the Presidency. Seward is to be Secretary of State, and is to control the patronage and division of the spoils, with a view to secure his own nomination for President in 1864. Republicanism, niggerism, and bleeding Kansas are to be laid on the shelf for the present, and Americanism, of which Mr. Crittenden is the embodiment, is to be in the ascendant. The Washington correspondent of the Louisville Courier says that Henry S Lane, of Indiana, is to be the Vice President, and that it was to secure this result that he went to Washington on his Senatorial fool's errand.

The correspondent of the Cincinnati Enquirer speaks of Crittenden's nomination, but says that Governor Banks of Massachusetts is to be the candidate for Vice President. He also adds that "the Republican members of the House say privately that their vote against the admission of the free State of Oregon will help the Opposition to the Democracy in the South, by showing them that the Republicans are better friends of the South than the Democracy, who favor the rushing into the Union of so many free States."

This is a very nice scheme, if it can be carried out; but how will those ardent free soil men, who have shrieked themselves hoarse over bleeding Kansas, reconcile themselves to abandon their favorite hobby, and vote for a Kentucky slave owner?

Republican Anarchy.—The Republicans in the Illinois Legislature have all gone home, leaving that body without a constitutional quorum to transact business. The object of this revolutionary course is, to prevent the passage of the bill apportioning the State into Legislative districts. Like their brethren in Indiana, they have left the state without the means of carrying on the government, as no appropriation bills are passed.

There is some hope they may, however, fail in their design, as nothing less than a constitutional quorum can adjourn the session of the Legislature *sine die*. The Speaker states his determination to sit until January next, if necessary; and in the meantime the sergeant-at-arms will be dispatched after the absentees.

Gen. Lane for President.—The Memphis Avalanche is out in favor of Gen. Joe Lane for the Presidency. It says:

For ourselves there is no man in the nation upon whom we would more willingly see the Charleston nomination conferred; or whom we would more cheerfully or more confidently follow into the Presidential battle of 1860, than Joe Lane. "The Marion of the Mexican War."

☞ There is a good deal of "Old Hickory" about Joe Lane; he is made of the right stuff for a President. In this state, where he is well known, his nomination would be the most popular one that could be made. If elected he would be the President of the people, not of the politicians, and would be the most popular President we have had since the time of Andrew Jackson.

Railroad Smash-up.—On Wednesday night, the train to Chicago met with an accident two and a half miles west of this city. A large stump had fallen from the bank down on the track, and the engine striking this was thrown into the ditch and badly damaged, and some of the cars considerably smashed. Fortunately no person was hurt.

Night School.—The evening school at the western school-house has commenced under favorable auspices, and promises to be a great advantage to the young men of the city, not only in giving them the means of improvement, but in keeping them from spending their evenings in improper places. Upwards of forty scholars are now in attendance, and the number is rapidly increasing.

A HOAX.—The Cincinnati Commercial of yesterday contains a startling report that the entire city of Paris had been blown up with gunpowder, and the Emperor with his whole family and 750,000 persons killed. The report professes to be *copied from a Buenos Ayres paper!* As news from Paris by that route must be at least 2 months old, and we have direct accounts from Paris to the 12th inst, making no mention of any such horrible catastrophe, it is almost needless to say that it is a miserable hoax, destitute alike of truth or probability.

☞ We are having splendid weather! Last Saturday night we had a heavy thunder storm, accompanied with rain and a perfect tornado. Then we had two or three days of balmy, delightful spring weather—then a snow storm. This morning is bright and pleasant;—what it may be before night we will not venture to predict.

Conversions.—Gen. Jim Lane, of Kansas, it is said has been converted, and joined the Methodist Church.

Gen. Walker, the renowned fillibuster, has entered the Catholic Church. He was publicly baptized in Mobile last week. We hope the conversions are real, and that both of these renowned warriors may practice the doctrines they have professed, beat their swords into plowshares, and hereafter preach peace on earth and good will towards men.

☞ LADIES will find some of the prettiest children's carriages ever brought here, at WARD'S new China Store. He has also a beautiful assortment of Tea Trays, Waiters, &c., in sets or single; Looking Glasses in great variety—some very elegant. His stock of China, Queensware and Glass is now complete, and it is quite a treat to examine the many beautiful articles he has for sale.

THE SUPPER prepared by the ladies of the Methodist Church on Tuesday evening is spoken of as a very pleasant affair. The company was quite large, and all enjoyed themselves well. The net receipts amounted to upwards of $180, which will be appropriated towards building a new church on Berry Street.

A CARD.

The ladies of the Berry Street M. E Church, tender their sincere thanks to their friends and to the public, for the very generous patronage extended to their supper, on the evening of the 22d inst., and especially to Prof. Strobey and his excellent band, who so kindly contributed their services to "discourse eloquent music" on the occasion, as well as to the editors of the city papers for their repeated expressions of good will and kindly notices.

Orphan's Home.

Received of Mr. A. H. Carier, Treasurer of the Fort Wayne Mechanics, the sum of $6.75 for sustaining the Orphan's Home, allowed by the Club, at their meeting last Thursday evening. Said contribution was immediately laid out for flour, bought at Hoagland & Williams' Mill, and the Orphans return to the Club their cordial thanks for such a donation.

Director of the Orphan Home.

CONGRESSIONAL.

WASHINGTON, Feb. 19.

SENATE.—After a lengthened discussion as to what business should be proceeded with, the consular and diplomatic appropriation bill was finally taken up.

Mr. Pugh after discussion withdrew his amendment previously offered, leaving only the following words as provisio to the first section, viz: That no other Minister, Envoy, or Commissioner be entitled to any compensation during the fiscal year. The object of the amendment is, to prevent the President from appointing any more ministers without the consent of Congress. Agreed to—22 to 15.

Mr. Simmons moved an amendment that no minister shall be entitled to a higher rate of exchange than 10 per cent on the nominal amount of his salary. In China it had reached the enormous difference of 42 per cent.

Messrs. Toombs and Mallory showed that it was necessary to allow the current rate of exchange, else it is equivalent to reducing their salaries.

Mr Simmon's amendment was carried by 29 against 18.

Some hours afterwards when the bill was reported to the Senate, Mr. Toombs moved to reconsider the vote. This re-awakened the whole question of exchanges and Messrs Pearce, Simmons, Collamer, Benjamin and others, discussed it. The motion to reconsider was carried by 26 against 9.

Mr Hunter from the majority of the Finance Committee offered an amendment that no more money be expended for the fiscal year commencing the first of July, 1859, than the amount appropriated in this bill, together with such amounts of the permanent and the definite appropriations as shall be applicable thereto. He proposed to add a similar clause to all the appropriation bills, the effect of which he said would be to limit what is to be used out of the permanent appropriations and reduce the expenditures from the estimate of seventy three to 61 millions.

Mr. King was anxious to guard against this amendment being construed as repealing out stand ng appropriations already made, and he added a clause to prevent such a construction to Mr. Hunters amendment, which being thus modified passed.

Mr. Davis offered an amendment providing an additional appropriation of $150,000 for running the boundary line, so that the American Commissioner could be able to keep peace with that of the British.

Mr. Davis' amendment was agreed to.

The bill was then passed.

Mr. Simmons gave notice that he would move its reconsideration, when the Senate adjourned.

WASHINGTON, February 21.

SENATE.—The Diplomatic Appropriation Bill was taken up, when Mr. Simmons again went at length into the question of exchanges.

Mr. Trumbull followed on the same side and was succeeded by Mr. Green on the opposite.

Mr. Simmons' amendment limiting the rate of exchange was stricken out and the bill passed by 35 to 23.

The House Army appropriation Bill was read and referred to the Finance Committee.

The Cuba proposition was then taken up when Mr. Mason offered an amendment by way of substitute, to the effect, that Congress concedes the propriety and ultimate necessity of acquiring Cuba. That without committing itself to future measures, Congress at present confines itself to a declaration that the United States is prepared to receive the Island whenever Spain is ready to transfer it for a fair equivalent, and that this country can never remain neutral under any policy which would sever Cuba from Spain in favor of any foreign power.

Mr. Collamer spoke against the Cuba proposition. He denied that an expansion of Territory was a necessity of national growth, and contended that in our own case the acquisition of additional soil by conquest or otherwise is at variance with the whole framework of our Government and especially so if such additional soil does not border on our own, and would require a stand army to defend it.

WASHINGTON, Feb. 22.

SENATE.—Mr. Hunter of Va., moved to take up the Executive, Legislative and Judicial Appropriation Bill, which was discussed.

The hour of half past one arriving, a debate ensued as to the order of business, the Vice President submitting to the Senate whether the consideration of the Appropriation Bill should be considered or the bill for the acquisition of Cuba be taken up.

Mr. Slidell, of La., said that if the Cuba Bill was postponed, he would consider it as an evasion of a direct vote on the bill. He had been informed by its opponents that they intended to prevent a vote upon it this session—He regretted that its friends were missing, as the dinner hour approached, while the opposition seemed disciplined and were better setters. He trusted that the bill would be disposed of at this session.

The vote being taken on the question of postponing the Cuban bill, it was agreed to—yeas, 33; nays 32.

The Senate then resumed the Appropriation Bill.

The total amount of appropriations is about $5,000,000.

The only amendments of importance introduced in the Senate were those from the Finance Committee, making an appropriation of $20,000 to take a census of the population of Kansas, with the view to the admission of that Territory into the Union as a State; also, additional sections relating to the mint, namely: extending the time for the issue of cents to two years; also, that when refined gold bullion shall be deposited at the mint, or its branches, the treasury shall make payments therefor as soon as coined, and that the charge for coining shall be three-eighths of one per centum; all of which were adopted.

Mr Trumbull, of Illinois, moved that the mints at Charlotte and Dahlgreen be abolished, and that the President be authorized to sell the sites.

Mr. Bayard, of Delaware, moved to include the Assay office at New York.

Mr. Bayard's amendment was lost and Mr Trumbull's adopted.

Mr. Wilson, of Mass., introduced as new section that the mileage of Senators be reduced from forty to twenty cents.

Mr. Wilson's amendment was lost.

Mr. Hale moved, as an additional section, to repeal the restrictive clause of the act to admit Kansas, and called on the Oregon Senators to do for her as they themselves had been done by.

Messrs. Lane and Smith, of Oregon, said that when Kansas came before Congress seeking admission, they would act by her with justice.

Mr. Smith made a speech at some length.

Mr. Douglas took the floor, and proceeded to say that his sentiments will know; they had undergone no change, and he did not expect that they will change. He held that Kansas ought to come in, irrespective of census, with such a constitution as she shall choose; hence he did not admit the necessity of an appropriation for taking the census. He wanted either this appropriation stricken out or the restrictive clause repealed.

Mr. Green, of Mo., entered his protest against the introduction of this exciting and inflammatory subject. He mentioned that he was to-day authorized to report against a constitution framed at Leavenworth, and which had been offered by the Senator from New York, and he was delaying it at the instance of the delegate from Kansas, who says that the people do not wish to come in under that constitution. Mr. Green came aided by inculcating the duty of preserving a unity in feeling in all sections of the country.

After several attempts to adjourn, most of them being defeated by the vigilance of Mr. Hunter, who was anxious to get the bill passed, the Senate finally adjourned at a late hour.

WASHINGTON, Feb. 19

By the Treaty recently ratified by the Senate the United States acquire about 10,000,000 acres of land from the Yanckton and Dacotah Indians, who are to be placed on the Tribal Reservation, and the President is authorized to give them lands in severalty. Instead of being intrusted with large amounts of money as has heretofore been the case with other Indians they are to be supplied with stock, agricultural implements, farm houses, and whatever else may be necessary to advance them in civilization. This treaty was negotiated with the Yanckton Band by Mr Mix, at the time Commissioner of Indian affairs, as was also the Treaty with the Senecas at Tonawanda recently ratified. They are to remain where they now are. The lands in the West to which they have a claim under a former Treaty are to be sold and the proceeds applied by the Commissioner of Indian affairs in the purchase of homes in their present locality. It will be recollected that the lands with which they parted in Western N. Y., were sold to the whites.

The Committee of Ways and Means have directed their chairman to report in favor of taking the census of Kansas and also adversely on the proposition to establish a branch mint at New York.

WASHINGTON, February 23.

The bill heretofore reported by Senator Green and which he intends to call up as soon as an opportunity will admit, combines the outlines of a Territorial government for Dacotah and Arizona, making them twin sisters. When added as States, it shall be with or without slavery as their constitutions may prescribe. The Fugitive slave law is to be extended to Dacotah, and the laws passed by a recent Legislative Assembly there, to be in force until repealed by the Legislature authorized by this bill; the Constitution and all the United States laws not locally inapplicable to have the same force and effect within the Territory of Arizona as elsewhere within the United States. In each Territory the right of suffrage and hold ng office should be exercised only by white male citizens of the United States, actual residents. The suffrage in Arizona extends to those recognized as citizens by the Mexican treaties.

The number of acres acquired by the recent treaty with the Yanckton band of the Dacotah Indians, is 12,000,000, for which the United States agree to pay five cents an acre.

WASHINGTON, Feb 24.

The Senate was engaged until midnight in animated debate upon the political issues growing out of the unextinguishable Kansas question.

The point under consideration was an amendment to the general appropriation bill offered by Mr. Hale, to repeal the restrictive clause of the Kansas admission act. All the Democratic Senators whose political tenants are regarded as lacking in orthodoxy, availed themselves of the opportunity to define their positions. The amendment was rejected by a vote of 19 to 27, and the bill finally passed.

A session of Democratic Senators was held yesterday, and it was agreed upon, that no more private bills shall be passed. It was also decided to take up the Cuba bill on Friday, and continue in session until a vote is had.

WASHINGTON, Feb. 25.

The Union of this morning says in an editorial, "It has become perfectly obvious that no measure of revenue can be adopted by the present Congress in the short space of time remaining of its existence." The Union therefore recommends the revival of the act of 1816 for three years, and the re-issue of Treasury notes. It argues that this could be done with perfect democratic consistency. Those who refuse to vote for these, virtually vote to stop the wheels of Government.

NEW YORK, February 18

Foreign Correspondence.—The Commercial Advertiser has private advices from Hong Kong of the 11th of December.

News had been received at Shanghai that Lord Elgin's fleet was fired into by the rebels from a fort beyond Nankin, while on their way up Yangtzekeang, and that the affair was not known. The reports vary considerably in regard to particulars.

Mr Reed, the American Minister, had left for Bombay.

The amount of the claims upon the Chinese Government was 500 000 taels, the liquidation of which, one-fifth of the claims paid on American Exports Imports and Tonnage, will be appropriated.

The Pan's correspondent of the Commercial Advertiser says Mr Félix Belly announced on the 28th of January, the complete organization of the Nicaraguan Canal Company—that the necessary money was secured, and that in three weeks he would cause a fleet from Havre for Greytown, with Engineers and others, for the commencement of the work. The Prince Jerome headed the subscription with 50 000 francs, and the Prince Chambordand, and the Duc DeMontpensier had each such subscribed a large sum. The Company had made application to the Grand Duke Constantine and the Ark Duke Maximilian, to assume by literal subscriptions, a protectorship in this scheme.

Great Shooting-Match.—Mr. Wm. King, of Fort Wayne, Ind., who, it will be remembered, shot hero against Bland Duncan, of Louisville, in the autumn of '56, has concluded to meet Mr Shannon, of St. Louis, in this city, and shoot for a prize of $400, at thirty double birds, each payable to spring his own trap, to-morrow, the 23rd inst. The place selected will probably be the Fair Grounds, near the Brighton House. As both parties are crack shots, and as much interest is felt in the match by the sportsmen in this vicinity, we presume the crowd in attendance will be large. We expect to hear of some fine shooting from the contestants.—*Cin Enq.*

New Counterfeit Gold and Silver Coin.—A new lot of excellently executed spurious gold quarter eagles, one dollar pieces and silver halves have made their appearance in the city this week and are liable to deceive the best judges, unless very carefully examined. They have all the appearance of the good coin, but are light in weight, & the only way of detecting them is to compare them with the genuine. A number of our retail dealers have been deceived by this bogus coin, and we advise the public to be cautious of all money of this kind and denomination, which is supposed to be a new lot very recently manufactured.—*Cin. Enq.*

Bad Money.—A couple of fellows were recently arrested in Cleveland, who had in their possession at the time, a carpet bag full of worthless bills; they were on the "Bank of Hartford, Ind." The money was in one, three, five and ten dollar bills, all new. There is no such bank in existence as the one these purport to have been upon. It is down in no detector save in a few which the men carry with them. The bills were lithographed, which adds vastly to the coolness of the operation. We notice several arrests mentioned in our exchanges, in different quarters of this part of the West, for attempts to pass this kind of money.—*Louk out for it.*

MADISON, Ind., Feb. 21.

Court-House Burned.—The Court-House in this city was partially destroyed by fire about midnight last night. Damages estimated at 20,000 dollars. Records and papers all saved. This Court-House was the first in Indiana, and was recently erected at a cost of 40,000 dollars. Workmen have already commenced clearing away the ruins preparatory to rebuilding it.

Smith O'Brien, the Irish Patriot.—Mr. Smith O'Brien is about to pay a visit to New York, and though he has expressed an earnest desire that our Irish fellow-citizens should not make him the subject of any special public demonstration, it would be wholly out of keeping with the impulsive character of his countrymen here to pay the slightest respect to a desire of that description. Hence, Mr. O'Brien, in the course of a few days, will be likely to learn that a distinguished stranger in the United States does not belong to himself. He is the property of the public.

☞ A grandson of Robert Burns, bearing the same name of his illustrious grandfather is now living in the town of Dumfries, where the poet died. He earns his scanty subsistance by teaching a few children. He is very poor, and though the town of Dumfries celebrated the centenary anniversary of the poet with dinners and processions, this neglected relative and descendant of him whom all delighted to honor, was not invited to join in any of the festivities.

☞ An Indianapolis correspondent, who witnessed the fight between Heffren and Gooding, writes us that it afforded a terrible confixation of the lines of Watts' (his name?) slightly altered:

And I saw he pitched into him,
And into pi'd into he;
The way the fyt it was a sin,
And terrybell to see.

☞ The Army Appropriation Bill amounts to nearly sixteen millions. It has been submitted to the Committee on Military Affairs, and they have cut down various items the total reductions being one million three hundred and forty-one thousand dollars.

Great Skating Feat.—Tuesday, the 1st inst H. K. W. Ayres, a printer of the Press office, skated from this city across Lake Winnebago, and up Fox river to Berlin, a distance of 72 miles performing the feat in *five hours and fifteen minutes*, or at the rate of fourteen miles an hour. —*Fon du Lac Press.*

Not Bad.—Philbrick says, in his life of Alexander, that the Babylonians used, during dog days, to sleep on skins filled with water. A Boston paper says that in these days men sleep huskins filled with bad whiskey.

Land Distribution Bill to be Vetoed.—Our intelligence from Washington imbues the belief that President Buchanan will veto the Land Distribution Bill of Morrill, of Vermont. The bill, it will be recollected, donated six millions of acres of land in the States, for the purpose of building Agricultural Colleges in them. Mr. Buchanan is committed against this principle of land distribution by the General Government to the States. He voted against and made vigorous speeches against Mr. Clay's old bill, which distributed the proceeds of the lands to the States. It is very foolish for the General Government to make donations to the States, for the latter have immediately to pay it back in the shape of increased taxes, as they support the former. Whenever the General Government deprives itself of sources of revenue the States make up the deficiency. If land is to be donated to the States, why restrict them to use it for Agricultural Colleges? Most of the States would buy it out to better advantage. Some want it to pay their debts, others for internal improvement, and some for general educational purposes. If the States are to have the lands, let them make make such use of it as they please.—*Cincinnati Enquirer.*

The Rump Senators.—We understand that Senator McCarty, having drawn the short straw has consequently returned from Washington with his credentials. Senator Lane having been so lucky as to draw the long straw, stays longer Therefore. He is expected back however, in a few days, with his credentials also. We understand the Republican party, through the Senator from Jefferson, have expressed to the Hon. Mr. McCarty their most concentrated indignation as the Senate of the United States for the great disrespect they have shown to the Republican sovereignty of Indiana, in not admitting the aforesaid Hon. Mr. McCarty to a seat in that dignified body, and the same compliment and confidence is held in reserve for Gen. Lane, when he shall return. We do not know what further steps will be taken in the premises, unless the Republican negro equality party of Indiana shall culminate the indignation by resolving to go out of the Union and retire to enjoy the congenial, social and domestic institutions of Liberia. If such should be the conclusion, we can only say "depart in peace."—*State Sentinel.*

The Atlantic Cable.—Mr. Henley, Chief Electrician of the Atlantic Cable Company, has arrived at St. John's, N. F., with batteries and instruments, to commence operations with them on this end of the cable.

Arrival of the Africa.

NEW YORK, February 22.

The Africa arrived at her dock about 9 o'clock this morning. She left Liverpool February 5th. Her advices have been anticipated by the Prince Albert at St. Johns. She brought 50 passengers, among them Baron Von Gerolt, Prussian Minister.

Latest by Telegraph.—London, 5th.—Funds opened yesterday at 1 decline, and closed at 3 8 lower than Thursday's quotations. Nearly all other classes of securities show a decided decline. There was also a great fall in French funds yesterday, equal to 1 making a fall of 11 in two days, and fully 2 since New Years. The Daily News argues from the remarks of the Premier and Chancellor of the Exchequer that the position of foreign affairs is most critical. The Ministers are unable to furnish authoritative information respecting the intentions of the French Emperor. It is felt more clearly than ever that the preservation of peace depends upon the will of one individual.

The Times' city article says the conviction is that war is intended to be promoted.

The discussion in Parliament has had a very discouraging effect, which was greatly aggravated by the announcement of the attempt of Sardinia to make a loan, and the imperial pamphlet on Italy. All the other city journals are also speculating in the war question.

The Times says in its lead ng editorial, the torch of war but once lighted, no one can tell when it can be quenched. To England there seems but one duty—that of saying energetically that without war or any other disturbance of the general peace of Europe, Italy shall be free.

In another part of the city article, the Times says, it is presumed that the Sardinian loan is intended to be raised at Turin, but if that be impracticable, then at Paris, under French guarantee. In London it would be scarcely entertained for a moment.

The fall in 5 per cent. since the 1st of Jan. has already been equal to 10 per cent.

Advices by telegraph state that fighting has commenced in Montenegro.

The Russians had been repulsed in the attempt to take the town of Gheluejik on the Circassian Coast.

Arrival of the Canada.

HALIFAX, February 21.

The R. M. Steamship Canada, from Liverpool arrived this evening.

Continental affairs had changed. Pacific rumors had predominated, but the latest advices are more warlike, notwithstanding the peaceful sentiments uttered by the Emperor and Count DeMorny; warlike preparations continued on a large scale.

The Paris Bourse had fluctuated, closing heavy at 68f for 3 per cent.

The British Parliamentary proceedings were unimportant.

In the London Stock Exchange the fluctuations had been slight, but the funds closed flat.

The Sardinian Chamber of Deputies had voted a new loan of fifty million francs, which Count Cavour had explained was designed for the defence of the kingdom against the threatening attitude of Austria.

Military movements continued in Austria.

The Calcutta mail of Jan. 9th and Hong Kong of Dec. 30th, had been received, but the news was unimportant.

Liverpool breadstuffs were dull, with a declining tendency. Provisions were firm.

France.—The number of ships of war in commission in French ports was 200.

The latest correspondence of the London papers looked warlike. There was great diversity of opinion, and it was believed that hostilities would commence before the end of the year.

The following is a summary of Count Cavour's speech regarding the new loan: "Our policy has been at all times national, never of a revolutionary character. Austria has lately taken a menacing attitude towards us; has collected very large forces on our frontier. To refuse, the necessity arises for us to look for means of defence. Our policy is not defiant. We will not excite war—neither will we lower our voice when Austrian arms herself and threatens us."

Nena Sahib.—Nena Sahib is likely to be caught at last. He was in Oude, closely pursued by a British force, and was accompanied by only 1,5000 men. Two Rajahs with him have solicited the government for protection when they may be able to escape. Their messenger also appeals on behalf of the Nena himself, for clemency to his family.

Message from the President of the United States.

The following message was transmitted from the President of the United States to Congress, on Friday, February 18th.

To the Senate and House of Representatives:

The brief period which remains of your present session, and the great urgency and importance of legislative action, before its termination, for the protection of American citizens and their property whilst in transit across the Isthmus routes between our Atlantic and Pacific possessions, render it my duty again to recall this subject to your notice. I have heretofore presented it in my annual message, both of December, 1857, and 1858, to which I beg leave to refer the latter I state that "the executive government of this country, in its intercourse with foreign nations, is limited to the employment of diplomacy alone. When this fails it can proceed no further. It cannot legitimately resort to force without the direct authority of Congress, except in so using and repelling hostile attacks. It would have no authority to enter the territories of Nicaragua, even to prevent the destruction of the transit and protect the lives and property of our own citizens on their passage. It is true that on a sudden emergency of this character the President would direct any armed force in the vicinity to march to their relief, but in doing this he would act upon his own responsibility.

"Under these circumstances, I earnestly recommend to Congress the passage of an act authorizing the President, under such restrictions as they may deem proper, to employ the land and naval forces of the United States in preventing the transit from being obstructed or closed by lawless violence, and in protecting the lives and property of American citizens, travelling thereupon, requiring at the same time that these forces shall be withdrawn the moment the danger shall have passed away. Without such a provision our citizens will be constantly exposed to interrupt in their progress, and to lawless violence.

A similar necessity exists for the passage of such an act for the protection of the Panama and Tehuantepec routes."

Another subject, equally important, commanded the attention of the Senate, at the last session of Congress.

The Republics south of the United States on this continent have, unfortunately, been frequently in a state of revolution and civil war ever since they achieved their independence. As one or other party has prevailed and obtained possession of the ports open to foreign commerce they have seized and confiscated American vessels and their cargoes in an arbitrary and lawless manner, and exacted money from American citizens by forced loans, and other violent proceedings, to enable them to carry on hostilities. The executive governments of Great Britain, France and other countries, possessing the war making powers, can promptly employ the necessary means to enforce immediate redress for similar outrages upon their subjects. Not so the executive government of the United States. If the President orders a vessel of war to any of these ports to demand prompt redress for outrages committed, the offending parties are well aware that in case of refusal the commander can do no more than communicate. He can resort to no hostile act. The question must then be referred to diplomacy and in many cases adequate redress can never be obtained. Thus American citizens are deprived of the same protection and the flag of their country, which our subjects of other nations enjoy. The remedy for this state of things can only be supplied by Congress, since the constitution has confined to that body alone the power to make war. Without the authority of Congress, the Executive cannot lawfully direct any force, however near it may be to the scene of difficulty, to enter the territory of Mexico, Nicaragua, or New Grannon, for the purpose of defending the persons and property of American citizens, even though they be violently assailed while passing in peaceful transit over the Tehuantepec, Nicaragua, and Panama routes. He cannot, without transcending his constitutional power, direct a gun to be fired into a port, or land a seaman or marine to protect the lives of our countrymen on shore or to obtain redress for a recent outrage on their property. The bandits which infest our neighboring republic of Mexico, always claiming to belong to one or other political parties might make a sudden descent on Vera Cruz or on the Tehuantepec route, and he would have no power to employ the force on ship board in the vicinity for their relief, either to prevent the plunder of our merchants or the destruction of the transit.

In reference to countries where the local authorities are strong enough to enforce the laws, the difficulties here indicated can seldom happen; but where this is not the case, and the local authorities do not possess the will to protect our citizens within our limits, recent experience has shown that the American Executive should itself be authorized to render this protection. Such a grant of authority, thus limited in its extent, could in no just sense be regarded as a transfer of the war making power to the Executive, but only as an appropriate exercise of that power by the body to whom it exclusively belongs. The riot at Panama in 1856, in which a great number of our citizens lost their lives, furnishes a painful illustration of the necessity which may arise for the exertion of this authority.

I, therefore, earnestly recommend to Congress, on whom the responsibility exclusively rests, to pass a law before their adjournment conferring on the President the power to protect the lives and property of American citizens in the cases which I have indicated, under such restrictions and conditions as they may deem advisable. The knowledge that such a law exists would of itself go far to prevent the outrages which it is intended to redress, and to render the employment of force unnecessary.

Without this the President may be placed in a painful position before the meeting of the next Congress. In the present disturbed condition of Mexico, and one or more of the other republics south of us, no person can foresee what occurrences may take place before that period. In case of emergency, our citizens, seeing that they do not enjoy the same protection with subjects of European governments, will have just cause to complain. On the other hand, should the Executive interpose, and especially should the result prove disastrous, and valuable lives lost, he might subject himself to serve censure for having assumed a power not confined to him by the constitution. It is to guard against this contingency that I now appeal to Congress.

Having thus recommended to Congress a measure which I deem necessary and expedient for the interest and honor of the country, I leave the whole subject to their wisdom and discretion.

CITY ORDINANCES.

AN ORDINANCE to amend an Ordinance entitled "An Ordinance to amend sections 1 and 2 of an Ordinance entitled 'An Ordinance to prevent the Sale of Intoxicating Liquors without License,' passed February 15th, 1859.

SEC. 1. Be it ordained by the Common Council of the city of Fort Wayne, that section 2 of said ordinance amended so as to read as follows, to-wit: That every person who shall apply to the Common Council for a license, as provided in the 1st section of the ordinance to which this is an amendment, shall present a petition, signed by six respectable householders in the neighborhood, setting forth that the petitioner is a person of good moral character, well known for sobriety; and if the Common Council, or a majority of them, shall consent to the grant of the petition, the applicant shall pay into the City Treasurer the sum of fifty dollars, which shall entitle him to a license for the period of one year; and in case such person shall not desire to take out a license for a longer period than three months, then such person shall pay to the City Treasurer the sum of ten dollars and fifty cents, and upon the production of the City Treasurer's receipt for the sum so paid with the City Clerk, he shall thereupon issue a license to such person, in conformity with the same as paid to the Treasurer aforesaid: *Provided*, that no license may be granted for less than three months nor for any longer period than one year; but such license may be granted for three, six, nine, or twelve months, at the rate of fifty dollars per year, to be paid as aforesaid.

Every license so granted shall be issued by the City Clerk, with the corporate seal affixed thereto, and attested by the Mayor, and recorded in a book or that purpose; for which services the person so licensed shall pay to the Clerk, one dollar, and to the Mayor, fifty cents.

SEC. II. That so much of said section 2 as is at variance with any of the provisions of this ordinance be, and the same is hereby repealed. This ordinance to be in force from and after its passage.

Adopted February 22d, 1859.

S. S. M. REA, Mayor.

Attest—J. C. DAVIS, Clerk.

AN IMMEDIATE CURE

Is given by Hartshorn, of Schuyler's Falls, Clinton county, New York, writes: "Though advanced in years, I never had a severe cough in my life, and my head was so much diseased that I could neither taste nor smell for five or six weeks. Nothing I could take would relieve me; but my cough increased until I tried your Hollland's Balsamic Cordial. I have taken three bottles, and I now find myself well. I attended church last Sabbath for the first time in eight weeks."

Prepared only by Dr C M Jackson, No. 418, Arch Street Philadelphia, and for sale by Druggists and Storekeepers throughout the United States and Canada.

Price 75 cents per bottle.

Ladies and Gentlemen:—We would call your attention to the advertisement of Prof. O. J. Wood's Hair Restorative, which appears in the columns of our present number.

From our long acquaintance with the proprietor, and with numerous individuals who have used his preparation with perfect success for the last 8 or 9 years, we feel no hesitation in recommending the article as superior to any other preparations now in use for the same purpose, viz: for restoring gray hair to its original color, a sure and perfect cure for baldness, and a never failing preventive for the falling of the hair.

It is decidedly the best and most popular in use for beautifying, preserving, and removing scurf, dandruff, and all eruptions and f verish heat from the scalp.

We speak in relation to the above from what we know, having been personally acquainted with numerous persons who have used the restorative for the above purposes with the most gratifying results.

It is not often we notice medicine, indeed, we think we have never puffed one before; but Prof Wood's Hair Restorative is something so superior to most of the preparations of the day, that we cannot refrain asking the attention of our readers to it.—*Catholic Vindicator.*

A CARD TO THE LADIES.

Dr. Duponco's Golden Periodical Pills

FOR FEMALES.

ARE infallible for removing stoppages or irregularities of the Menses.

These Pills are nothing new, but have been used by the Doctor in his practice for many years, both in Europe and America, with unparalelled success in every case; and he is urged by many thousand ladies who have used them, to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent so many ladies from health. It will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against the using these Pills while in that condition, as the proprietor assumes no responsibility, after the above admonition, although their sickliness would prevent any injury to health; otherwise this or no Pills are recommended.

HUGH H. REED, & Co (Druggists)

General Agents for Fort Wayne and vicinity, Ind., to whom all orders must be addressed. They will furnish dealers and druggists with circulars and show cards, and the Pills at proprietor's prices.

N. B. Valued by post-office at 1 to Hugh H. Reed & Co. at the Fort Wayne P. O. can have Dr. Duponco's Golden Pills sent by return mail (confidentially) to any part of the city or country. See that the signature, "J. Duponco," is upon each box—you will be imposed on, in the many base counterfeits that might make a sudden descent on Vera Cruz or on the Tehuantepec route, and he would have no power to employ the force on ship board in the vicinity for their relief, either to prevent the plunder of our merchants or the destruction of the transit.

In reference to countries where the local authorities are strong enough to enforce the laws, the difficulties here indicated can seldom happen; but where this is not the case, and the local authorities do not possess the will to protect our citizens within our limits, recent experience has shown that the American Executive should itself be authorized to render this protection. Such a grant of authority, thus limited in its extent, could in no just sense be regarded as a transfer of the war making power to the Executive, but only as an appropriate exercise of that power by the body to whom it exclusively belongs. The riot at Panama in 1856, in which a great number of our citizens lost their lives, furnishes a painful illustration of the necessity which may arise for the exertion of this authority.

I, therefore, earnestly recommend to Congress, on whom the responsibility exclusively rests, to pass a law before their adjournment conferring on the President the power to protect the lives and property of American citizens in the cases which I have indicated, under such restrictions and conditions as they may deem advisable. The knowledge that such a law exists would of itself go far to prevent the outrages which it is intended to redress, and to render the employment of force unnecessary.

Without this the President may be placed in a painful position before the mee

Hoven, N. H., Feb. 9, 1857.

PROF. O. J. WOOD & Co.—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to day we were compelled to send to Boston for a quantity (for some you failed to send us being out), while we might order a quantity from you. *Every bottle we have sold seems to have produced three or four new customers*, and the approbation and encouragement it receives from the most influential and worthy citizens of our vicinity, daily convince us that it is A MOST VALUABLE PREPARATION.

Send us as soon as possible no one gross of Sea-size and one dozen Pints, and let me assure you very respectfully,

(Signed) DANIEL LATHROP & Co.

Hickory Grove, St Charles Co., Mo., Nov. 18, 1856.

PROF. O. J. WOOD—Dear Sir, Some time last summer I was induced to use some of your Hair Restorative, and its effect was so wonderful, we feel it our duty to you and the public, to report it.

Our little son's head for some time had been perfectly covered with scurf, and every one called it scald head. The scurf and hair would entirely come off in some one, when a friend, seeing his sufferings, advised us to use your Restorative; we did so with little hope of success, but, to our surprise, and that of our friends, after very few applications removed the disease entirely, and a new and beautiful crop of hair soon started out, and we can now say that our boy has as healthy a head, and as beautiful a crop of hair, as any other child. We can therefore, and do heartily recommend your Restorative as a perfect remedy for all diseases of the scalp and hair.

Yours respectfully,
GEORGE W. HIGGINBOTHAM.
SARAH A. HIGGINBOTHAM.

Gardiner, Maine, June 23, 1856.

PROF. O. J. WOOD—Dear Sir, I have used two bottles of Professor Wood's Hair Restorative, and can freely say it is the greatest discovery of the age for restoring the hair. Before using it I was a mere skeleton. My hair is now restored to its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, Respectfully,
DANIEL S. MURPHY.

THE GREATEST

MEDICAL DISCOVERY

Of the Age.

Mr. KENNEDY, of Roxbury, has discovered in one of our common Pasture Weeds, a remedy that cures

Every Kind of Humor.

The worst Scrofula down to a common Pimple

He has tried it in over eleven hundred cases and never failed except in two cases (both thunder humor) He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston TWO bottles are warranted to cure a raging sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of blotches.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One or two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula,

One tablespoonful per day will prevent chills and fever

A discovery is also ... from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS,

DEAR MADAM,—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers and the Medical Discovery becomes a fountain of life to you to your husband and household.

In the more advanced stages of

CANKER

It extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then is the existence and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains so the nervous, ill at ease, and the result is that you grow more complexion loses its bloom and becomes sallow or greenish and your best day is gone. For want of nourishment your system is once lean and flabby, and the Discovery is the only one that will make the lean fat.

Old sores, Scrofulous Humors, Blotches on the face, Pimples, Boils, Tetter, Salt Rheum, Ringworm, Erysipelas, Scurvy, Canker, Sore Eyes, Rheumatism, Dyspepsia, Kidneys, Female Complaints, Nursing Sore Mouth, Canker, Sore Throat, Ulcers, Consumption, Liver Complaint, Dropsy, Tumors, Chronic Inflammation, Diseases of the Bladder, Gout, Piles, Fever and Ague, Coughs, Colds, Asthma, Bronchitis, Neuralgia, Female Weakness, Irregularities, Suppressions, Whites, Nervousness, Sleeplessness, Impotency, Diseases of the Urinary Organs, Sick Headache, Faintness, Sinking Spells, Diseases arising from the Use of Mercury, Blood Poisoning, Ulcerations of the Throat, Nose or Skin, Mercurial Rheumatism, Fever Sores, Syphilis, Diseases of the Skin, Scrofula in all its forms, Abscesses, Tumors, Chronic Rheumatism, Gout, Dropsy, Erysipelas, Piles, Fever and Ague, Intermittent Fever, Epilepsy or Fits, Chronic Inflammation of the Kidneys and Bladder, Stone and Gravel, Ulceration of the Kidneys, Stricture, Diseases of the Urinary Passages, Female Complaints, Leucorrhœa or Whites, Incontinence of Urine, Sterility, Barrenness, Impotency, Nervousness, Universal Lassitude of the System, Pains in the Back, Dimness of Vision, Premature Old Age, Involuntary Discharges, Sleeplessness, Sick Headache, Faintness, Sinking Spells, and all diseases arising from the Use of Mercury, Minerals, Poisons, Impure Blood, &c.

All of which they will sell to the public, or by retail, and at prices which will be of advantage to the buyer.

Their facilities for making leather are no good as any in the city, and hence they can sell cheap as any.

N. B.—They buy Hides and Pelts.
